Simply Beautiful Homemade Cakes inspires you at every page to do what cakes do best—bring joy to the lives of your friends and family.

*12 children. 6 of them diagnosed with schizophrenia. Science's greatest hope in understanding the disease. _____ *ONE OF BARACK OBAMA'S FAVOURITE BOOKS OF 2020* *TIME 100 Must-Read Books Of 2020 Pick* *New York Times bestseller* *Selected as Oprah's Book Club Pick* 'Startlingly intimate' - The Sunday Times 'Grippingly told and brilliantly reported' - Mail on Sunday 'Unforgettable' - The Times For fans of Educated, The Immortal Life of Henrietta Lacks and Three Identical Strangers Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins - aspiration, hard work, upward mobility, domestic harmony - and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after the other, were diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institutes of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother, to the search for genetic markers for the disease, always amidst profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family's unforgettable legacy of suffering, love and hope. 'An extraordinary case study and tour de force of reporting' - Sylvia Nasar, author of A Beautiful Mind 'This book tore my heart out. It is a revelation-about the history of mental health treatment, about trauma, foremost about family-and a more-than-worthy follow-up to Robert Kolker's brilliant Lost Girls' -Megan Abbott, Edgar Award-winning author of Dare Me and Give Me Your Hand 'Hidden Valley Road contains everything: scientific intrigue, meticulous reporting, startling revelations, and, most of all, a profound sense of humanity. It is that rare book that can be read again and again' -David Grann, author of Killers of the Flower Moon*

About a Boy is Nick Hornby's comic and heart-warming million-copy bestseller 'How cool was Will Freeman?' Too cool! At thirty-six, he's as hip as a teenager. He's single, child-free, goes to the right clubs and knows which trainers to wear. He's also found a great way to score with women: attend single parents' groups full of available (and grateful) mothers, all hoping to meet a Nice Guy. Which is how Will meets Marcus, the oldest twelve-year-old on the planet. Marcus is a bit strange: he listens to Joni Mitchell and Mozart, looks after his mum and has never owned a pair of trainers. But Marcus latches on to Will - and won't let go. Can Will teach Marcus how to grow up cool? And can Marcus help Will just to grow up? This astonishing novel, now a modern classic, was adapted for the acclaimed 2002 film About A Boy, starring Hugh Grant and Nicholas Hoult. Fans of One Day by David Nicholls and Any Human Heart by William Boyd will devour this book, as will lovers of fiction everywhere.

A festive treat from the author of the bestselling I HEART series

I Heart Christmas (I Heart Series, Book 6)

I Heart Christmas (Part One: Chapters 1–5) (I Heart Series, Book 6)

About a Boy

The Life of Michelangelo

One in a Million

The Women's Murder Club takes on two deranged killers, but Detective Lindsay Boxer begins to wonder if the mysterious case is also breaking apart her closest friendships. During an intimate dinner party, a cat burglar breaks into the home of A-list actor Marcus Dowling. When his wife walks in on the thief, the situation quickly teeters out of control, leaving an empty safe and a lifeless body. The same night, a woman and her infant child are ruthlessly gunned down in an abandoned garage. The killer hasn't left a shred of evidence, except for a foreboding and cryptic message: WCF, the letters written in blood-red letters. With two deranged killers on the loose Detective Lindsay Boxer calls on the Women's Murder Club to help her stop the insane killers. But someone is leaking information to the press-details that only those on the inside could know. As allegations fly that Lindsay is the source, she has to wonder: how much she can trust her closest friends?

Escape to Vegas with this hilarious and feel good rom-com from the bestselling I Heart series.

It only takes one night to fall in love...

The brilliantly hilarious new novel from bestselling author, Lindsey Kelk Annie Higgins has 30 days to make Sam famous. But when the time's up, will she choose followers and likes - or real relationships and love? Tired of the advertising idiots across the hallway making fun of her business, social media specialist Annie Higgins (iPhone in one hand, glass of wine in the other) accepts a bet that she can make anyone famous in thirty days. Even when the advertising idiots choose the office weirdo, Sam, as her target, she's determined to win - whether he likes it or not. Annie soon discovers that getting to know Sam means getting to know more about herself - and before the thirty days are out, has a difficult decision to make about what's really important. Funny, real and heart-meltingly romantic, Annie and Sam's story is Bridget Jones meets My Fair Lady for the social media set, and the perfect summer romcom.

I Heart Christmas (Part Three: Chapters 13–18) (I Heart Series, Book 6)

'Brilliantly funny! Paige Toon 'I loved it!' Louise Pentland A wedding in Manhattan...and someone's keeping a secret.

The fame and influence of Michelangelo Buonarroti (1475 – 1564) were as immediate as they were unprecedented. It is not surprising, therefore, that he was the only living artist Giorgio Vasari included in the first edition of Lives of the Most Excellent Painters, Sculptors and Architects, published in 1550. Revised and expanded in 1568, Vasari’s monumental work comprises more than two hundred biographies; for centuries it has been recognized as a seminal text in art history and one of the most important sources on the Italian Renaissance. Vasari’s biography of Michelangelo, the longest in his Lives, presents Michelangelo’s oeuvre as the culminating achievement of Renaissance painting, sculpture, and architecture. He tells the grand story of the artist’s expansive career, profiling his working habits; describing the creation of countless masterpieces, from the David to the Sistine Chapel ceiling; and illuminating his relationships with popes and other illustrious patrons. A lifelong friend, Vasari also quotes generously from the correspondence between the two men; the narrative is further enhanced by an abundance of colorful anecdotes. The volume’s forty-two illustrations convey the range and richness of Michelangelo’s art. An introduction by the scholar David Hemsoil traces the textual development of Vasari’s Lives and situates his biography of Michelangelo in the broader context of Renaissance art history.

Living Buildings celebrates the 50th Anniversary of Donald Insall Associates, the Practice founded by distinguished British architect Donald Insall, a leading exponent in the field of Architectural Conservation. Probably best known for the restoration of

The physical properties of ultrasound, particularly its highly directional beam behaviour, and its complex interactions with human tissues, have led to its becoming a vitally important tool in both investigative and interventional medicine, and one that still has much exciting potential. This new edition of a well-received book treats the phenomenon of ultrasound in the context of medical and biological applications, systematically discussing fundamental physical principles and concepts. Rather than focusing on earlier treatments, based largely on the simplifications of geometrical acoustics, this book examines concepts of wave acoustics, introducing them in the very first chapter. Practical implications of these concepts are explored, first the generation and nature of acoustic fields, and then their formal descriptions and measurement. Real tissues attenuate and scatter ultrasound in ways that have interesting relationships to their physical chemistry, and the book includes coverage of these topics. Physical Principles of Medical Ultrasonics also includes critical accounts and discussions of the wide variety of diagnostic and investigative applications of ultrasound that are now becoming available in medicine and biology. The book also encompasses the biophysics of ultrasound, its practical applications to therapeutic and surgical objectives, and its implications in questions of hazards to both patient and operator.

"The Single Girl?s To-Do List gives Rachel the perfect heartbreak cure - and proves love is out there if you?re willing to take a chance."--Back cover.

Christmas Eve is here and Santa's elves are busy making toys-all but Silly Sam, who is more interested in keeping the elves entertained. But when Sam tries on Santa's magical red suit, will he get the last laugh, or will Christmas be ruined?

When Holly White’s fiancé cancels their Christmas Eve wedding with less than two weeks to go, Holly heads home with a broken heart. Lucky for her, home in historic Mistletoe, Maine is magical during Christmastime!exactly what the doctor prescribed. Except her plan to drown her troubles in peppermints and snickerdoodles is upended when local grouch and president of the Mistletoe Historical Society Margaret Fenwick is bludgeoned and left in the sleigh display at Reindeer Games, Holly’s family tree farm. When the murder weapon is revealed as one of the wooden stakes used to identify trees on the farm, Sheriff Evan Grey turns to Holly’s father, Bud, and the Reindeer Games staff. And it doesn’t help that Bud and the reindeer keeper were each seen arguing with Margaret just before her death. But Holly knows her father, and is determined to exonerate him.The jingle bells are ringing, the clock is ticking, and if Holly doesn’t watch out, she’ll end up on Santa’s naughty list in Twelve Slays of Christmas, Jacqueline Frost’s jolly series debut.
