***Postmodern global terrorist groups engage sovereign nations asymmetrically with prolonged, sustained campaigns driven by***

ideology. Increasingly, transnational criminal organizations operate with sophistication previously only found in multinational corporations. Unfortunately, both of these entities can now effectively hide and morph, keeping law enforcement and intelligence agencies in the dark and on the run. Perhaps more disturbing is the fact that al Qaeda, Hezbollah, FARC, drug cartels, and increasingly violent gangs—as well as domestic groups such as the Sovereign Citizens—are now joining forces. Despite differing ideologies, they are threatening us in new and provocative ways. *The Terrorist-Criminal Nexus: An Alliance of International Drug Cartels, Organized Crime, and Terror Groups* frames this complex issue using current research and real-world examples of how these entities are sharing knowledge, training, tactics, and—in increasing frequency—joining forces. Providing policy makers, security strategists, law enforcement and intelligence agents, and students with new evidence of this growing threat, this volume: Examines current and future threats from international and domestic criminal and terror groups Identifies specific instances in which these groups are working together or in parallel to achieve their goals Discusses the "lifeblood" of modern organizations—the money trail Describes how nefarious groups leverage both traditional funding methods and e-commerce to raise, store, move, and launder money Explores the social networking phenomenon and reveals how it is the perfect clandestine platform for spying, communicating, recruiting, and spreading propaganda Investigates emergent tactics such as the use of human shields, and the targeting of first responders, schools, hospitals, and churches This text reveals the often disregarded, misunderstood, or downplayed nexus threat to the United States. Proving definitively that such liaisons exist despite differing ideologies, the book provides a thought-provoking new look at the complexity and phenomena of the terrorist-criminal nexus. This book was excerpted in the February/March 2013 issue of *The Counter Terrorist*.

*A Global Overview of International Tax Disputes on DTC* This book is a unique publication that gives a global overview of international tax disputes in respect of double tax conventions and thereby fills a gap in the area of tax treaty case law. It covers the 32 most important tax treaty cases that were decided around the world in 2019. The systematic structure of each chapter allows for the easy and efficient study and comparison of the various methods adopted for applying and interpreting tax treaties in different cases. With the continuously increasing importance of tax treaties, "Tax Treaty Case Law around the Globe 2020" is a valuable reference tool for anyone interested

*in tax treaty case law, including tax practitioners, multinational businesses, policymakers, tax administrators, judges and academics*

*This review illustrates the significant progress made by the government of Mauritius in improving its investment climate in recent years. It highlights major initiatives and specific policy measures undertaken, as well as areas that need further reforms to attract more and better investment.*

*Mauritius Immigration Laws and Regulations Handbook - Strategic Information and Basic Laws*

*This book was first published in 2006. It is estimated that up to sixty percent of the world's money may be located offshore, where half of all financial transactions are said to take place; however, there is a perception that secrecy about offshore is encouraged to obfuscate tax evasion and money laundering. McCann provides a detailed analysis of the global offshore environment, outlining the extent of the information available and how that information might be used in assessing the quality of individual jurisdictions, as well as examining whether some of the perceptions about 'offshore' are valid. He analyses the ongoing work of the Financial Stability Forum, the Financial Action Task Force, the International Monetary Fund, the World Bank, and the Organisation for Economic Cooperation and Development. The book also offers some suggestions as to what the future might hold for offshore finance.*

Eighth in a series of annual reports comparing business regulations in 183 economies. Doing Business 2011 measures regulations affecting 10 areas of everyday business: starting a business, dealing with construction permits, employing workers, registering property, getting credit, protecting investors, paying taxes, trading across borders, enforcing contracts, and closing a business. The report updates all 10 sets of indicators, ranks countries on their overall ease of doing business and analyzes reforms to business regulation- identifying which countries are improving strengthening their business environment the most and which ones slipped. Doing Business 2011 includes results of ongoing research in the area of "getting electricity" and illustrates how reforms in business regulations can translate into better outcomes for domestic entrepreneurs and wider economy. It also focuses on how women in particular are affected by complex business regulations.

Regulations affecting 10 areas of everyday business are measured: starting a business, dealing with licenses, employing workers, registering property, getting credit, protecting investors, paying taxes, trading across borders, enforcing contracts, and closing a business. 'Doing Business 2008' updates all 10 sets of indicators, ranks countries on their overall

of doing business, and analyzes reforms to business regulation - identifying which countries are improving their business environment the most and which ones slipped. Indicators are used to analyze economic outcomes and identify what reforms have worked where and why. 'Doing Business 2008' focuses on how complex business regulations dampen investment, growth and job creation in all businesses, and especially opportunities for women entrepreneurs.

***CultureShock! Mauritius contains all the information you will need to assimilate into life on this island where the dodo once roamed free. Mauritius has often been called a paradise on earth because of its picture-postcard beaches and idyllic resorts; but that image is just one facet of this small nation with a multi-racial heritage. In this book, you will discover more about the different ethnic groups that live side-by-side and the local customs such as what to do when invited to an Indian, a Muslim, a Creole or a Chinese wedding. Learn more about the local Creole language, the traditional dance known as séga, the difference between a bazaar and boutique as well as what to do at a tea hotel. Let CultureShock! Mauritius introduce you to the wonderful people of Mauritius and guide you through the ins and outs of the country so that you get the most out of your stay here.. This report includes Phase 1 and Phase 2 reviews of Mauritius, now incorporating Phase 2 ratings.***
