I've Been Working On the Railroad for Piano and Trombone - Pure Sheet Music By Lars Christian Lundholm

Johnny Cash was the only man elected to both the Country Music and Rock 'n' Roll Halls of Fame. All his life he challenged the accepted way of doing things and by the time of his death in 2003 he had won respect the world over. The book is a fitting tribute in the form of a detailed account of his life, a timeline of key moments in his long career and a selection of songs from every phase of his extraordinary musical journey, from Hey Porter in 1995 to Hurt in 2002. All the songs are arranged for piano voice and guitar, with chord boxes and full lyrics.

Here available is - Ring of Fire - as performed by Johnny Cash.

A leading historian argues that Johnny Cash was the most important political artist of his time Johnny Cash was an American icon, known for his level, bass-baritone voice and somber demeanor, and for huge hits like "Ring of Fire" and "I Walk the Line." But he was also the most prominent political artist in the United States, even if he wasn't recognized for it in his own lifetime, or since his death in 2003. Then and now, people have misread Cash's politics, usually accepting the idea of him as a "walking contradiction." Cash didn't fit into easy political categories—liberal or conservative, Republican or Democrat, hawk or dove. Like most people, Cash's politics were remarkably consistent in that they were based not on ideology or scripts but on empathy—emotion, instinct, and identification. Drawing on untapped archives and new research on social movements and grassroots activism, Citizen Cash offers a major reassessment of a legendary figure.

Since his first recordings in 1955, Johnny Cash has been an icon in the music world. In his newly discovered poems and song lyrics, we see the world through his eyes. The poetry reveals his depth of understanding, both of the world around him and within - his frailties and his strengths alike. He pens verses in his hallmark voice, reflecting upon love, pain, freedom, fame and mortality. Illustrated with facsimile reproductions of Cash's own handwritten pages, Forever Words is a remarkable new addition to the canon of one of America's heroes. His music is a part of our collective history, but here he demonstrates the depth of his talent as a writer. Edited and introduced by Paul Muldoon, with a foreword by John Carter Cash, this is a book sure to delight and surprise fans the world over.

Preferential Education Policies in Multi-ethnic China: National Rhetoric, Local Realities explores the cultural logic of China's preferential policy measures. Similar in premise but different in practice and philosophy to American affirmative action, the preferential policies evoke controversy on all sides: from those who see the measures as insufficient to address problems of educational disparities between ethnic groups, and from those who see the measures as "reverse discrimination." Yamada shows how the policy measures attempt to manage ethnic-based contradictions and appease both majority and minority populations.
