When a big-city agent wants to rent the abandoned chapel on the Bowens' property for an obscene amount of money, it seems like a deal of a lifetime . . . there's just one small catch. Nathaniel Black. Disgraced, broken-down, whisky-swilling rock god Nathaniel Black is set to make a comeback, or at least that's what his long-suffering agent is hoping. Nathaniel's last chance for salvation is to lock himself away from the temptations of his wicked life. With no women, no booze, and no drugs. Only the music. The one thing he didn't count on was forming a complex, life-changing bond with a reclusive, talented songbird, Sadie Bowen. Twenty three-year-old Sadie has all of Nathaniel's cassette tapes under her bed and his tattered poster lining the inside of her wardrobe door. And now he's here, in her backyard, eating her food and sharing her bathroom—a dream come true, right? Until Sadie realises her teenage idol is the most infuriating, arrogant man-child she has ever met. Will seclusion lead to destruction? Or will Sadie finally get a chance to learn who the real man is behind the music? One thing is clear: despite every voice inside her head telling her to stay away, she can't. She can't help it, can't fight it. Nathaniel Black is about to become her favourite mistake.

Singing Body and Soul is for the young singer, to help you discover how your voice, body and mind work together. There are great books about the links between science and music - but most are written for adults with strong music backgrounds, and college degrees. Young singers need a streamlined version so your voice can express your inner life - right now! The voice has the most exciting sound when a singer is between 20 to 25 years old. That's when desire starts to ride on the sound, and helps you stand out at an audition. By then, you already need years of singing experience - to make the most of your opportunities. That means learning about your voice early - at 14 years old or younger. Singing - Body and Soul offers new guidance for developing your singing. It includes artistic and scientific descriptions, and uses song lyrics to illustrate states of mind. Musical Theater plots, characters, and songs fill the book, so the text is more storytelling than classroom lecture. With quotes and references from Charlie Brown, Albert Einstein, and Dr. Seuss, Singing - Body and Soul can help you understand your voice in new ways, and make the world hear what you have to say.
