Kinesiology Taping Guides, PDF Downloads for professionals---
Taping involves sticking strips of elastic tape to the skin in certain areas and according to specific rules to help relax the muscles and fascia and reduce pain. The skin receptors are directly influenced when the tape is applied. Pain is reduced and the muscles are stimulated. Taping is like a constant massage. It supports microcirculation (nutrient exchange and cell transport through ...

How to Apply Kinesiology Tape: Step-by-Step Instructions
Kinesio Taping Perfect Manual – Amazing Taping Therapy to Eliminate Pain and Muscle Disorders. Originally published in 1996, this is one of the older KinesioTaping manuals. It ’ s black and white photographs appear a bit dated, but the information is presented in clear, simple terms that anyone can understand and follow. Step by step taping instructions are grouped according to body part ...

The Kinesio Taping Method – How to Apply Kinesio Tape ---
PerformStik is the only tape adherent designed specifically for use with kinesiology tape. Unlike other spray adherents designed for athletic or rigid tape, PerformStik creates an elastic or “ moving ” tacky surface on the skin to greatly improve tape adherence without affecting the properties and effects of kinesiology tape.

Amazon.co.uk: kinesio tape
Kinesio taping is a type of taping that speeds up recovery from injury and improves fitness. It is a coloured tape that is applied on both the injury site and nearby lymphatic system. It is easy to apply but must be applied by a physiotherapist so that it is applied correctly for effective treatment.

Kinesio Taping – Physiotherapy – Treatments – Physio.co.uk
Physical therapists, occupational therapists, certified athletic trainers, chiropractors, physicians, manual therapists, nurses, and physiotherapists around the world are using Kinesio Tape for many dysfunctions on a wide spectrum from temporomandibular joint disorder to turf toe. Today, though Kinesio Tex Tape is used primarily by nonathletic populations, it is also used by high-profile athletes.
