Caged Angels. Vol. 2

What has Jung to do with the Postmodern? Chris Hauke's lively and provocative book, puts the case that Jung's psychology constitutes a

Online Library Komponen Mexser Yamaha Smc

critique of modernity that brings it in line with many aspects of the postmodern critique of contemporary culture. The metaphor he uses is one in which 'we are gazing

Online Library Komponen Mexser Yamaha Smc

through a Jungian
transparency or filter
being held up against the
postmodern while, from the
other side, we are also
able to look through a
transparency or filter of

Online Library Komponen Mexser Yamaha Smc

the postmodern to gaze at Jung. From either direction there will be a new and surprising vision.' Setting Jung against a range of postmodern thinkers, Hauke

Online Library Komponen Mexser Yamaha Smc

recontextualizes Jung's thought as a response to modernity, placing it - sometimes in parallel and sometimes in contrast to - various postmodern discourses. Including

Online Library Komponen Mexser Yamaha Smc

chapters on themes such as meaning, knowledge and power, the contribution of architectural criticism to the postmodern debate, Nietzsche's perspective theory of affect and

Online Library Komponen Mexser Yamaha Smc

Jung's complex theory,

which will find a ready

Excerpt: It is now known that "Inner-Conscious" ideas, impressions and

Online Library Komponen Mexser Yamaha Smc

thoughts play a most important part in the thought-world of every individual. Beyond every outer-conscious action there may be found a vast inner-conscious background. It is held that of our entire mental processes, less than ten per cent are performed in the field of outer-consciousness. As a well-

Online Library Komponen Mexser Yamaha Smc

*known writer has so well expressed it:
"Our self is greater than we know; it
has peaks above and lowlands below
the plateau of our conscious
experience." Prof. Elmer Gates has
forcibly put it; "At least ninety per cent
of our mental life is sub-conscious. If
you will analyze your mental*

Online Library Komponen Mexser Yamaha Smc

operations you will find that conscious thinking is never a continuous line of consciousness, but a series of conscious data with great intervals of sub-consciousness. We sit and try to solve a problem and fail. We walk around, try again and fail. Suddenly an idea dawns that leads to a solution of

Online Library Komponen Mexser Yamaha Smc

the problem. The sub-conscious processes were at work. We do not volitionally create our own thinking. It takes place in us. We are more or less passive recipients. We cannot change the nature of a thought, or of a truth, but we can, as it were, guide the ship by a moving of the helm." But,

Online Library Komponen Mexser Yamaha Smc

perhaps, the most beautiful expression of this underlying truth, is that of Sir Oliver Lodge, who says in his consideration of the subject: "Imagine an iceberg glorying in its crisp solidity, and sparkling pinnacles, resenting attention paid to its submerged self, or supporting region, or to the saline

Online Library Komponen Mexser Yamaha Smc

liquid out of which it arose, and into which in due course it will someday return. Or, reversing the metaphor, we may liken our present state to that of the hull of a ship submerged in a dim ocean among strange monsters, propelled in a blind manner through space; proud perhaps of accumulating

Online Library Komponen Mexser Yamaha Smc

many barnacles of decoration; only recognizing our destination by bumping against the dock-wall; and with no cognizance of the deck and cabins above us, or the spars and sails-no thought of the sextant, and the compass, and the captain-no perception of the look-out on the mast-

Online Library Komponen Mexser Yamaha Smc

of the distant horizon. With no vision of objects far ahead-dangers to be avoided-destinations to be reached-other ships to be spoken to by means other than by bodily contact-a region of sunshine and cloud, of space, or perception, and of intelligence utterly inaccessible below the waterline."

Online Library Komponen Mexser Yamaha Smc

life and work, his treatment of gender and the range of post-Jungian gender theory, with new research linking Jung to deconstruction, post-Freudian feminism, postmodernism, the sublime, and the postmodern

Online Library Komponen Mexser Yamaha Smc

body. Feminism has neglected Jung to its own detriment. While evaluating the reasons for this neglect, *Jung: A Feminist Revision* uses the diversity of feminist critical tools from historical analysis to poststructuralism. In a

Online Library Komponen Mexser Yamaha Smc

fresh and illuminating study, this book provides both a critique of Jung and demonstrates his positive potential for future feminisms. New theories are explored which develop relationships between the work of

Online Library Komponen Mexser Yamaha Smc

Jung and Jacques Lacan, Luce Irigaray, Helene Cixous, Julia Kristeva and Judith Butler.

Particular attention is paid to the growth of post-Jungian studies of gender. This includes a cogent study of the tradition of Jungian

Online Library Komponen Mexser Yamaha Smc

feminism that looks to 'the feminine principle' and narratives of goddesses. Jungian 'goddess' feminism's enduring appeal is re-examined in the context of postmodern re-thinking of subjectivity and gender. The book

Online Library Komponen Mexser Yamaha Smc

proposes a re-orientation of Jungian studies in its relationship to feminism. The result is an accessible text that introduces Jung and sets out his relevance to contemporary feminisms. This book will be essential reading for
