La mappa dei desideri The Map to Everywhere Book 1 Hachette UK

Set in Macedonia immediately after World War 2, it tells the story of a group of children orphaned by the war and their life in an orphanage. Full of characters and incidents, the book presents a child's view of life that is both humorous and bleak and, by its end, very moving. At a metaphoric level, the novel presents a strong critique of the authoritarianism of both institutional life and the Communist system, and their inability to reconcile with the needs and nature of the individual. At the human level, The Big Water is a very positive and moving story of the emotional development of children, and of the fundamental and irreplaceable role of the mother. Readers will remember this story and its climax long after they have finished the book.

**Abbey of Ruac, rural France: A medieval script is discovered hidden behind an antique bookcase. Badly damaged, it is sent to Paris for restoration, and there literary historian Hugo Pineau begins to read the startling fourteenth-century text. Within its pages lies a fanciful tale of a painted cave and the secrets it contains - and a rudimentary map showing its position close to the abbey. Intrigued, Hugo enlists the help of archaeologist Luc Simard and the two men go exploring. When they discover a vast network of prehistoric caves, buried deep within the cliffs, they realise that they've stumbled across something extraordinary. And at the very core of the labyrinth lies the most astonishing chamber of all, just as the manuscript chronicled. Aware of the significance of their discovery, they set up camp with a team of experts, determined to bring their find to the world. But as they begin to unlock the ancient secrets the cavern holds, they find themselves at the centre of a dangerous game. One 'accidental' death leads to another. And it seems that someone will stop at nothing to protect the enigma of the tenth chamber ...**

**Costruire sistemi inclusivi. Percorsi educativi, didattici ed etnoclinici nella scuole plurali a Prato nasce a conclusione di un progetto sperimentale incentrato sul fenomeno degli alunni con disagio da percorso migratorio. Un intervento co-progettato e co-realizzato da un gruppo di lavoro interistituzionale, nato sul territorio pratese, con la finalità di una presa in carico integrata del disagio scolastico. Un sistema locale interconnesso non poteva che mettere in campo un percorso progettuale composito e interdisciplinare, nel volume affrontato e analizzato a più voci da esperti, anch'essi con diversi background professionali, e dalla cabina di regia stessa. A partire da un'analisi del contesto pratese e dei bisogni specifici individuati, la pubblicazione si avvale di contributi che affrontano, ognuno con lenti diverse, il fenomeno e le strategie inclusive messe in atto per provare ad affrontarlo. L'obiettivo è quello di restituire una fotografia del progetto e dei percorsi didattici e metodologici sperimentati sul campo, ma anche di tracciare strategie condivise di intervento che possano essere replicate e diffuse in ambiti molteplici e in territori diversi. Philanthropy and Social Impact in a Complex World

The Best of Everything

Twelve-year-old Matthew is trapped in his bedroom by crippling OCD, spending most of his time staring out of his window as the inhabitants of Chestnut Close go about their business. Until the day he is the last person to see his next door neighbour's toddler, Teddy, before he goes missing. Matthew must turn detective and unravel the mystery of Teddy's disappearance - with the help of a brilliant cast of supporting characters. Page-turning, heartbreaking, but ultimately life-affirming, this story is perfect for fans of *The Curious Incident of the Dog in the Night Time* and *Wonder*. It is a book that will make you laugh and cry.

Almost 50 years after its initial publication, this novel remains touchingly--and sometimes hilariously--true to the struggles women face in the city. There's Ivy League Caroline, who dreams of graduating from the typing pool to an editor's office; nave April, who reinvents herself as the woman every man wants on his arm; and Gregg, the actress with a secret yearning for domesticity.

'It is said the Bintheyr Map to Everywhere will take its possessor wherever he or she needs to go...' Master thief, Fin, is unusual - when he's out of sight, everyone forgets he exists! He needs to find his mother - the one person who might remember him.

Schoolgirl, Marrill, boards a pirate ship in a car park and is carried off to another world. She needs to find her way home. Fin and Marrill are on a wild adventure to find the Map to Everywhere, but can they escape the Oracle - a dark and powerful wizard who seeks the map to fulfil a terrifying prophecy? The first in an epic new adventure series from husband-and-wife team, John Parke Davis and NEW YORK TIMES bestselling author, Carrie Ryan. Beautifully illustrated by Todd Harris.

**Qualcuno pensa che i desideri siano da annullare e altri che siano una forza straordinaria per il cambiamento. Sarai tu a decidere cosa fare dei tuoi desideri. Io ti posso dire che a partire dal desiderio dell'essere che risponde alla domanda «quale uomo o donna desidero essere?», tutto si dipana e percezioni, situazioni e relazioni cambiano sorprendentemente. È necessario recuperare la capacità di desiderare che da bambini avevamo. Il libro è una guida ricca di stimoli che sei invitato a modellare, facendoli tuoi, per utilizzarli nella vita e trasformarla come desideri. Potrai assaggiare la possibilità di essere creatore della tua esistenza in cui il tuo essere più autentico, nella sua versione migliore, potrà essere libero di esprimersi e realizzarsi.**

**An international business expert helps you understand and navigate cultural differences in this insightful and practical guide, perfect for both your work and personal life. Americans precede anything negative with three nice comments; French, Dutch, Israelis, and Germans get straight to the point; Latin Americans and Asians are steeped in hierarchy; Scandinavians think the best boss is just one of the crowd. It's no surprise that when they try and talk to each other, chaos breaks out. In *The Culture Map*, INSEAD professor Erin Meyer is your guide through this subtle, sometimes treacherous terrain in which people from starkly different backgrounds are expected to work harmoniously together. She provides a field-tested model for decoding how cultural differences impact international business, and combines a smart analytical framework with practical, actionable advice.**

**Join Marrill and Fin in the fourth action-packed title in the epic adventure series from John Parke Davis and NEW YORK TIMES bestselling author, Carrie Ryan. Best friends and fearless explorers Fin and Marrill have shared countless thrilling adventures on the waters of the Pirate Stream, but neither could have predicted the evil that lies behind the mask of the Master of the Iron Ship. To stop him, they'll have to team up with their oldest enemy: the malevolent wizard Serth. As the iron tide surges across the Stream, Marrill and Fin must race from one bizarre world to the next, and even into the heart of the Stream itself, to challenge the most frightening foe they've ever encountered. This is the mind-blowing conclusion to the highly acclaimed and utterly original *Map to Everywhere* series.**

It seems that evil Selenna and her husband built a timepiece into the walls - a clock that could obliterate humankind. Something magical is happening, but will she be brave enough to see it? For her sixth birthday, Fiona Campbell's mother, Claire, made her a peace sign piñata filled with wishes for a better planet instead of candy. When she got her period, her mother held a womanhood ceremony at their café and invited the neighborhood. On her sixteenth birthday, they celebrated with a drum circle. Fiona grew up trying to keep the impulsive Claire in check, and their struggling café afloat. She plans to move out, but first must find a way to stop a big corporation from tearing down their business and destroying her mother's livelihood. Claire thinks karma will solve their financial and legal problems. Fiona prefers a spreadsheet and a solid business plan. The last thing she has time for is Matthew Monroe, a handsome complication who walks through their door with a guitar on his back and a naughty gleam in his eye.

The much-anticipated third title in an epic adventure series from husband-and-wife team, John Parke Davis and NEW YORK TIMES bestselling author, Carrie Ryan. Beautifully illustrated by Todd Harris. Fearless adventurers Marrill and Fin have just barely stopped the Iron Tide and the evil wizard Serth from destroying the Pirate Stream. Now they're on a mission to find Fin's missing mother, but before they can blink, Fin's people have found him - and they're not as friendly as he'd hoped. In fact, they're after a powerful wish orb that could resurrect the treacherous Iron Tide and end the world as we know it. Without their captain Coll and wizard friend Ardent to guide them, are Marrill and Fin brave enough to take on the magic (and evil) of the Pirate Stream on their own? Grandpa is dying. He can barely move his hands any more but, stubborn as ever, refuses to stay in hospital. He's determined to finish his last painting, 'River Boy', before he goes. At first Jess can't understand his refusal to let go, but then she too becomes involved in the mysterious painting. And when she meets the river boy himself, she finds she is suddenly caught up in a challenge of her own that she must complete - before it's too late . . .

Maps of My Emotions

The Goldfish Boy

Romantico, unico, indimenticabileLa sua storia d'amore è quella di tutti noiDall'autrice del bestseller *La strada in fondo al mare*, Premio Roma 2012Un grande amore può sopravvivere alla guerra e al tempo?Nel maggio del 1941 l'isola di Creta è invasa dai paracadutisti tedeschi. Dopo un'estenuante battaglia, migliaia di soldati inglesi sono costretti a ritirarsi sulle colline o a confondersi con gli abitanti dei villaggi per evitare di essere fatti prigionieri. Sessant'anni dopo, Lois West e il giovane figlio, Alex, propongono all'esuberante prozia Penelope di festeggiare il suo ottantacinquesimo compleanno a Creta, sapendo che la donna non ha più messo piede sull'isola dopo la fine della guerra. Penelope, sulle prime piuttosto riluttante, alla fine si lascia convincere. Forse per lei è davvero arrivato il momento di ritornare in Grecia e di compiere quel viaggio per cui pensava non avrebbe mai trovato il coraggio. Mentre da Atene sta andando verso Creta, ricorda e rivive le sue esperienze, i primi anni del tirocinio come infermiera, fino agli ultimi giorni bui quando rimase bloccata sull'isola, unica donna straniera in quella terra. Giunta a destinazione, la notizia del suo arrivo si diffonde e gli amici e i parenti cretesi arrivano a salutarla: da quel momento Lois e Alex vengono coinvolti in una sorta di viaggio epico nel passato di zia Pen. Un viaggio che porterà la donna a ritrovare un amore che credeva perso per sempre e a scoprire la verità celata da un segreto sepolto nei ricordi...«Una storia che esplora i meandri del rapporto tra madri e figlie. Follow along with a child and his companion as they embark on a mysterious journey. The only words in this book, which is almost a silent book, are those that describe the places on the maps of the journey. These fantastic and evocative places express all the shades of emotions from hope to fear, from wonder to sadness, to finally to love. An unprecedented and highly original itinerary with a story of friendship and great adventure plays out in graphic-novel form that unfolds on the pages between the maps. Highly visual illustrations provide an incentive for children to explore their emotions and create their own new maps for emotional discovery.

From the author of *The Neverending Story*, a book that reminds us that “magic—be it good or bad—is no simple matter.” It's New Year's Eve at the Villa Nightmare but Beelzebub Preposteror is in no mood for celebration. As the Shadow Sorcery Minister, Preposteror has a duty to perform a certain number of evil deeds in service to the Minister of Pitch Darkness. But this year, to his horror, he's nowhere near meeting that quota. Preposteror has all but given up when who should make an unexpected visit but his aunt, the witch Tyrannia Vampirella. She has come with a diabolical proposal that just might be the solution to Preposteror's dilemma: together they will brew the fabled Notion Potion, “one of the most ancient and powerful evil spells in the universe,” and their every evil wish will be granted. The only thing that stands in their way is a most unlikely team—a cat named Mauricio di Mauro and a raven known as Jacob Scribble, who have just hours to thwart the plans of their sorcerer masters and save the world from destruction.

***Great Maps takes a close look at the history of maps, from ancient maps such as medieval mappae mundi to Google Earth. Why do we put north at the top of maps? Which maps show us the way to Heaven, and which show the "land of no sunshine" or the land of "people with no bowels"? In Great Maps, author and historian Jerry Brotton tells the hidden story behind more than 60 of the most significant maps from around the world, picking out key features, stories, and techniques in rich visual detail to reveal the inner meaning buried within the landscape. Maps are not just geographical data: they reflect a particular ideological, historical, or cultural context. Providing a unique insight into how mapmakers have used maps to shape and depict their world view, this beautifully illustrated book traces the development of human development and culture through its maps. From the earliest rock carvings to the latest geospatial technology, from ancient medieval mappae mundi to the first road atlas, Great Maps explores in stunning photographic detail how maps have influenced and reflected our world throughout history.***

***Dori's father has gone travelling in South America and, suffering from some kind of breakdown, following the death of his wife, he goes missing. Dori sets out to find him, leaving his wife and young son at home in Israel. Inbar is escaping from her life – from the grief that she can't shake after her brother's death, from the boyfriend she doesn't love – and impulsively sets out for South America. While she's there she meets a man who is searching for his father... In his most ambitious novel to date, Eshkol Nevo weaves a beautiful love story with two tales: the story of the wandering Jews who came to their Promised Land in the wake of the Second World War, embodied by Inbar's grandmother Lily's narrative of her sea journey over from Poland, and the story of a new generation of wandering Israelis who leave again to go backpacking, perhaps hoping that the distance will allow them to see their homeland more clearly. Neuland is a romantic adventure, a search for a father that leads to love, and a quest for an understanding of identity and for second chances. Is it ever possible to start again? Nevo has produced a daring, epic novel that asks profound questions, but the truth and warmth of his writing make it all-consuming and irresistibly loveable.***

I'm the daughter of murdered parents. I'm the friend of a dead girl. I'm the lover of my enemy. And I will have my revenge. In the wake of the devastating destruction of the luxury yacht *Persephone*, just three souls remain to tell its story—and two of them are lying. Only Frances Mace knows the terrifying truth, and she'll stop at nothing to avenge the murders of everyone she held dear. Even if it means taking down the boy she loves and possibly losing herself in the process. Sharp and incisive, *Daughter of Deep Silence* by bestselling author Carrie Ryan is a deliciously smart revenge thriller that examines perceptions of identity, love, and the lengths to which one girl is willing to go when she thinks she has nothing to lose.

"Come cambierebbe il mondo, se una notte venissero esauditi i desideri delle persone? Se ottenessi incredibili capacità,

come sceglieresti di usarle? Questo è il quesito a cui i protagonisti della vicenda dovranno venire a capo, cercando di sopravvivere a chi vorrà abusare del potere ottenuto e capendo quali siano le regole del nuovo mondo. Perché se è vero che sognavi di poter volare, chi diavolo ha desiderato un dinosauro a Tokyo? Con "La Notte dei Desideri" viene affrontato un tema ambizioso: il rapporto tra desideri e potere che, con un pizzico di umanità e sarcasmo, crea un mix fantastico-umoristico. Senza robot, alieni, draghi ed elfi ma con tanto... altro. "
