Who doesn't love Santa Claus? From award-winning photographer Ron Cooper comes a beautifully curated collection of fifty professional Santas from across the country. We Are Santa is a fascinating glimpse into the lives of those who slip into the red suit to spread Christmas cheer. Before and after portraits, behind-the-scenes stories of custom made costumes and specialized training, and surprising anecdotes of on-the-job encounters bring these Santas to life. Just as Humans of New York captures the lives of everyday people, We Are Santa celebrates the humanity of everyday Santas. From a third-generation Kris Kringle to an Orthodox Jew who has been playing Santa for fifty years, Cooper's portraits are a testament to the holiday spirit. When Santa Mike, a Navy veteran and aircraft mechanic, meets a six-year-old girl with a prosthetic hand just like his own, he says, "Her eyes got big, and she threw her arms around my neck. It was the highlight of my season. That's why I'm Santa."

The Cajun Night Before Christmas® has been a part of Louisiana's holiday traditions since it was first published. Now, more than forty-five years later, a new generation is discovering the charm of Gaston® the Green-Nosed Alligator. First conceived by J.B. Kling, Jr. writing as 'Trosclair', the CLIO award-winning sales jingle for the Bergeron Plymouth Company in New Orleans was based on the Clement Moore poem. The exclusive rights were purchased by Pelican Publishing Company and the illustrations of then fledgling artist James Rice brought the story to life. Beloved master storyteller Colleen Salley narrated the read-along CD. Radio personality and voice talent Tommy Joe Breaux became the voice behind the recordings at City Park and on the audio version of the adventures of Gaston®. The book also created what has become the largest segment at Pelican Publishing—the children's book division. With the passing of publisher Dr. Milburn Cathoun and his wife Nancy Cathoun, illustrator James Rice, and the loss of Colleen Salley, the people behind the creation of the story are mostly gone. What remains is a long legacy of delight. Each year at the Celebration in the Oaks light show featuring the classic cabin from the story, dedicated staff from Pelican Publishing collect memories of attendees as they flow through the premiere preview parties. From now grown children who remember it as the first Louisiana tale they ever heard to young parents who laugh about a non-Louisiana spouse reading it to their children in full-blown Cajun accent, the book is universally loved and remembered. Teachers talk about how they use it in the classroom, business people mention they send it to out of state clients, and children laugh as they try to mimic the dialect that has all but disappeared from everyday life. The classic tale has been interpreted in gingerbread houses in competitions as far away as California and in cakes at the Edible Book competition at NOMA in New Orleans. For years, the miniature book ornaments have appeared on Christmas trees across the country as a reminder of a faraway Louisiana home. Even the New York Times praised the illt, the humor, and the rough-hewn drawings of the Cajun tale. At Pelican Publishing, a huge portrait of Gaston® and his bearded friend hangs in the boardroom watching over each new author and illustrator that joins the family.

Notorious Missouri: 200 Years of Historic Crimes

A heartwarming true-life fable from the Radio City Christmas Spectacular Santa—including his personal journey of discovering the magic of Christmas. Every year, over a million people attend the Radio City Christmas Spectacular, where they have the pleasure of seeing Charles Edward Hall don a traditional red suit and become the world's most famous Santa Claus—a role he has played for twenty-seven straight years. But Hall wasn't always such a jolly old soul. Believe it or not, this Santa was once a Scrooge. For the first time, Charles tells the inspiring story of his own transformation, from a wide-eyed child who once caught a glimpse of Santa through a frosty windowpane, to a young man who lost his faith in jolly old Saint Nick. It wasn't until fate intervened, in the form of an unexpected role, a stage malfunction, and hundreds of letters from children, that Charles rediscovered his Christmas spirit. Ultimately, he realized Radio City was his life's work, and that Santa isn't just a role. He lives in the hearts of the millions who attend the Radio City Christmas Spectacular, and everyone who embraces the Christmas spirit. Santa Claus, in other words, is real. When Charles needed him most, he was there, with kind words and a special gift. As this delightful true-life fable proves, he is there for everyone. All it takes is a good heart, an honest joy, and a belief in the magic of Christmas.

This volume includes the travel logs of Anna and George Ticknor from two journeys to the German Confederation from 1815 to 1817 and from 1835 to 1836. As members of an exclusive social class, the Ticknors enjoyed the privilege of traveling and living for an extended period in the German-speaking world, which conferred much-sought-after cultural and social distinction on them in Boston. A valuable primary source for American and German historians alike, these journals offer insight into the construction of American identities, as well as outside perspectives on German society, culture, and politics in the Age of Goethe. Simultaneously and independently composed by this husband and wife, these journals are the only known case of parallel male and female travel writing, thus affording a unique opportunity to explore gender as a factor in shaping their perceptions. A biographical glossary and extensive explanatory footnotes make this text accessible to a wide audience.

"Are You Still A Priest?" recounts the life of a priest rooted in Jesus and ahead of his time in the 21st century church. Father Kleba embodied Pope Francis long before Jorge Bergoglio, S.J. was Pope Francis. While he was actively living the gospel of social justice, he was also ministering to fifteen children whose stories are told here.

Elihu Embree and his family were Quakers who were committed to the cause of abolishing slavery in the American South. Over a few short years, he raised the public consciousness in East Tennessee and achieved wide recognition with the publication ofThe Emancipator, the first periodical in the United States devoted solely to the abolitionist cause. The seven issues of the monthly publication are reproduced here, together with a brief history of Elihu and the Embree family's migration from France to Washington County, Tennessee.

For years, children and adults have stuffed their candid dreams, wishes, and promises into envelopes addressed to Santa Claus. Whether the envelopes come with stamps or without, are addressed to "The Big Red Guy at Jingle Bells Lane" or simply "To Santa," for over 100 years, millions of these letters have poured into Santa Claus, Indiana. Arriving from all corners of the globe, the letters ask for toys, family reunions, snow, and help for the needy—sometimes the needy being the writers themselves. They are candid, heartfelt, and often blunt. Many children wonder how Santa gets into their chimneyless homes. One child reminds Santa that she has not hit her brothers over 1,350 times that year, and another respectfully requests two million dollars in "cold cash." One child hopes to make his life better with a time machine, an adult woman asks for a man, and one miscreant actually threatens Santa's reindeer! Containing more than 250 actual letters and envelopes from the naughty and nice reaching back to the 1930s, this moving book will touch readers' hearts and bring back memories of a time in our lives when the man with a white beard and a red suit held out the hope that our wishes might come true.

A Life in Christmases

One of The Wall Street Journal's 10 best books of 2021 One of Air Mail's 10 best books of 2021 In the year of the nation's bicentennial, Robert A. Gross published The Minutemen and Their World, a paradigm-shaping study of Concord, Massachusetts, during the American Revolution. It won the prestigious Bancroft Prize and became a perennial bestseller. Forty years later, in this highly anticipated work, Gross returns to Concord and explores the meaning of an equally crucial moment in the American story: the rise of Transcendentalism. The Transcendentalists and Their World offers a fresh view of the thinkers whose outside impact on philosophy and literature would spread from tiny Concord to all corners of the earth. Ralph Waldo Emerson, Henry David Thoreau, Nathaniel Hawthorne, and the Alcotts called this New England town home, and Thoreau drew on its life extensively in his classic Walden. But Concord from the 1820s through the 1840s was no pastoral place fit for poets and philosophers. The Transcendentalists and their neighbors lived through a transformative epoch of American life. A place of two thousand-plus souls in the antebellum era, Concord was a community in ferment, whose small, ordered society founded by Puritans and defended by Minutemen was dramatically unsettled through the expansive forces of capitalism and democracy and tightly integrated into the wider world. These changes challenged a world of inherited institutions and involuntary associations with a new premium on autonomy and choice. They exposed people to cosmopolitan currents of thought and endowed them with unparalleled opportunities. They fostered uncertainties, raised new hopes, stirred dreams of perfection, and created an audience for new ideas of individual freedom and democratic equality deeply resonant today. The Transcendentalists and Their World is both an intimate journey into the life of a community and a searching cultural study of major American writers as they plumbed the depths of the universe for spiritual truths and surveyed the rapidly changing contours of their own neighborhoods. It shows us familiar figures in American literature alongside their neighbors at every level of the social order, and it reveals how this common life in Concord entered powerfully into their works. No American community of the nineteenth century has been recovered so richly and with so acute an awareness of its place in the larger American story.
