Laura Joplin is an academic, according to her book jacket summary, and she reads like one - often taking you out of the story to make uninteresting connections to popular historical events. That said, the real gem of the book are Janis' letters, which show a very different woman from the brassy stage persona.

Love, Janis by Laura Joplin, Paperback  
| Barnes & Noble®

Janis Joplin created a lot of great music in her all-too brief life and career. She is a legend and legends are raked over the coals when they die young. I was told to keep away from "Going Down With Janis" and I read "Buried Alive" by Myra Friedman who cashed in making Janis seem like a tortured soul and not very intelligent.

Blues singer Janis Joplin, who died of a heroin overdose in 1970 at the age of 27, is recalled here by her sister, who seems as square as Janis was hip.

Although the portrait opens inauspiciously with a yawn-inducing chapter on the family tree, it gains momentum as it describes the performer's adolescence in Port Arthur, Tex.
