The easiest way to access an owner's manual is

by downloading the Mercedes-Benz Guides app for your smartphone or tablet. You can use the app to access instructions for your Mercedes-Benz along with useful tips and information. Please note, these owner's manuals are not yet available for all models. Download from the Apple App Store

***Mercedes-Benz: Interactive Owner's Manuals
The Mercedes-Benz Navigation System is part of the COMAND® infotainment system, and there is a multitude of ways to initiate turn-by-turn directions and customize your display to suit***

your needs. Available in most models including the E-Class sedan, you'll find the best route possible. To enter your destination, begin by:

~~*How to Use Your COMAND® Mercedes-Benz Navigation System*~~

The satellite navigation system used in Mercedes-Benz vehicles makes use of a central controller that not only controls the navigation system, but also general convenience settings and the audio system.

~~*Mercedes Satellite Navigation Instructions*~~

Mercedes Cars produced before 2012 have a simple method for updating the navigation system. First, you need to start up the car and when you do this, make sure that the vehicle is in park. Once you have done this, you need to turn on the Command function for the vehicle.

~~How to Update Mercedes Benz Navigation System | Sinclair ...~~

The Mercedes-Benz navigation SD card stores the navigation programme itself and additional user data, such as locations and routes. It's a convenient way for you to keep track of your

trips and make sure that you have enough space to store all the information you need.

~~*How to Install Mercedes-Benz Navigation SD Card | Sinclair ...*~~

~~*Using Mercedes-Benz Tech Navigation System & Route ...*~~

When you want to use the navigation, simply

long press the Return button on your steering wheel to change over to the navigation which you can then operate on the factory touch screen. The NAV-MB-P1 has a Premium Navigation system that allows you to enter the dimensions of your vehicle (height, length, width, etc) that will then be used to adjust the route guidance.
