Mistaken Goal Detective Clue Form REV - Positive Discipline

The Mistaken Goal of Undue Attention occurs when students have the belief that, "I'm okay only if I get attention." On the Mistaken Goal Chart we point out that it is your feelings (second column) that give you the first clue to understanding the "mistaken goal. Many teachers ask, "Why do my feelings help me understand the child's mistaken goal?"

Discipline

In Positive Discipline we emphasize the importance of understanding the belief behind the behavior. You can use the Mistaken Goal Chart and the Mistaken Goal Detective Clue Form to accomplish this goal. You will be much more effective in encouraging behavior change when you deal with the belief behind the behavior instead of just the behavior.

charts ...

Because positive discipline is not permissive, the point of identifying a child's mistaken goal is not to ignore the behavior itself; inappropriate behavior must be stopped. The point is that when a parent or teacher has more information about why a child misbehaves, he can choose his explanations, tools, etc with more care and directly address the child's actual problem.
