On the contrary, most of the world's global giants have launched new products that have flopped - spectacularly and at great cost. Haig organized these 100 "failures" into ten types which include classic failures (e.g., New Coke), idea failures (e.g., R.J.Reynolds' smokeless cigarettes), extension failures (e.g. Harley Davidson perfume), culture failures (e.g., Kellogs in India), and technology failures (e.g., Pets.com).

The Mitsubishi Pajero was first launched in 1983, creating a new class of 4x4, smaller and more affordable than the Range Rover. Renamed Shogun for the UK market, and Montero for Spain and the Americas, this rugged, yet refined, off-roader rapidly became Mitsubishi's best-selling export. In the 22 years since introduction, the Shogun's popularity has gone from strength to strength, and in the UK grey imports of Pajeros now outnumber official Shoguns. This fascinating book, now available in paperback, is essential reading for all Shogun owners and enthusiasts.

The story of three friends journeying across 2,500 miles of the toughest terrain on the planet in a very old Land Rover called 9Bob. Over two months in 2013, they completed the only north-south crossing of the Congo River Basin in decades, travelling from Kinshasa, in the Democratic Republic of Congo, to Juba, in South Sudan, a journey they had been told repeatedly was 'impossible'. On the way, they faced fierce challenges, ranging from jungle terrain, kleptocracy, fire ants, illegal mining and burrowing parasites, to factional disputes, destroyed bridges, non-existent roads and intense suspicion from local people. These difficulties, and others, found them building rafts and bridges to cross rivers, playing

tribal politics, bargaining for Land Rover parts in scrapyards, and conducting makeshift surgery in the jungle--both on 9Bob and on one another. Conjuring all their combined ingenuity and resolve, they got through. But the Congo is raw, and the journey took its toll, exerting a psychological pressure on them that they hadn't expected. And although they all lost something in the Congo, this book is ultimately about the power of teamwork to overcome tremendous odds.
