***Monster hunting isn't for the faint of heart -- the first in a brand-new middle-grade series by NYT bestselling author, Kelley Armstrong. Twelve-year-old Rowan is destined to be Queen; her twin brother, Rhydd, to be Royal Monster Hunter. Rowan would give anything to switch places, but the oldest child is always next in line, even if she is only older by two minutes. She resigns herself to admiring her monster hunting aunt's glorious sword and joining her queen mother for boring diplomatic teas. But tragedy shatters the longstanding rule, and Rowan finds herself hunting the most dangerous***

**monster of all: a gryphon. Accompanied by a feisty baby jackalope and a giant wolf that barely tolerates her, Rowan sets off on a journey that will see her join other unlikely allies: a boy with monster-hunting ambitions of his own, and a girl hiding dangerous motives. It will take all of Rowan's skills, both physical and diplomatic, to keep this adventure on track. The future of her kingdom depends on it.**

Monster Hunter World

A Royal Guide to Monster Slaying

This guide features a full, beginning-to-end walkthrough written in an "ideal chronological order of events" format. Main quests are interspersed with side quests in the order in which they unlock, although some side quests and arena challenges may only be referenced instead of fully explained. These are typically quests that have you facing a monster you've already fought under similar circumstances that offer no unique reward for completion. For example, after completing most main quests you won't be able to attempt that quest again, but you'll usually unlock an identical side quest allowing you to hunt the same monster in the same area with

the same success/failure conditions. Monster strategies will be discussed in detail as you encounter them throughout the walkthrough, featuring elemental and status information and drop lists. The guide also features a fully detailed bestiary for those who just want information about specific monsters unaccompanied by a walkthrough. Trophy/achievement information can also be found in a separate trophy/achievement guide, although be warned: many trophies/achievements in Monster Hunter World are easier said than done. Other features of this guide include: -- Information on crafting/harvesting. -- Side quests that unlock mantles, ingredients and other useful features. -- Field Researcher quests including where to catch rare fish, how to capture small monsters, and where to locate Grimalkynes/Gajalaka. -- Grimalkyne/Gajalaka quests. -- How to upgrade the Ancient Tree/Harvest Box and how to unlock various fertilizers. -- How the Elder Melder works, melding different items and decorations. -- Where to find the Powertalon and Armortalon, and how to upgrade them into the Powercharm and Armorcharm. -- Detailed information on how to unlock Tempered Monsters, the difference between Threat Level 1, 2 and 3 Tempered Monsters. -- Information on Feystones, including drop rates, the differences between the types (Mysterious, Gleaming, Worn and Warped). -- How to get Warrior's Streamstones and Hero's Streamstones.

Before buying, please note that this is not an official Monster Hunter World: Iceborne Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. Monster Hunter World: Iceborn is the expected and massive expansion for Monster Hunter: World. His events develop immediately after the events of the original game, and send hunters to explore the newly discovered northern lands, covered with snow and ice. When players fully explore this region, they will notice that it is the largest of all areas of the World at the moment. This new area is also home to several previously unseen creatures, as well as a number of already familiar monsters from past games who, with inherent bloodthirstiness, will try to feast on hunters. Iceborn will increase difficulty and a Master's rank will appear. The skill and craft systems familiar to World veterans will remain in their places, and in addition to them, new game mechanics will appear that will expand the combat potential of hunters. Finally, the most daring hunters are waiting for a meeting and an intense battle with the main monster of the new lands - Velhana.
