is a myth that purports to describe the origin of some feature of the natural or social world.

One type of origin myth is the cosmogonic myth, which describes the creation of the world. However,

many cultures
have stories set
after the
cosmogonic myth,
which describe
the origin of
natural
phenomena and
human
institutions
within a
preexisting
universe.

Acces PDF Myth And Knowing An Introduction To Origin myth - World Mythology Wikipedia

A myth is a traditional, typically ancient story dealing with supernatural beings, ancestors, or heroes that serves as a fundamental type in the worldview

of a people. The purpose of myths is to account for the origins of something, explain aspects of the natural world, or delineate the psychology, customs, or ideals of society.
