The General Certificate of Education Ordinary Level, also called the O-level or O level, was a subject-based academic qualification. Introduced in 1951 as a replacement for the 16+ School Certificate, the O-level would act as a pathway to the new, more in-depth and academically rigorous A-level, in England, Wales and Northern Ireland. Later the complementary and more vocational Certificate of Secondary Education was added to broaden the subjects available and offer qualifications in non-academic
