### About | HERoines Inc

The word hero has been so misused in our current culture to the point it has lost the true meaning of the word. The true heroes are the men and women who give selflessly of their time and compassion and yes even their money to help someone else and in so doing expect nothing in return. If something is done expecting recognition or publicity or anything in return then it is not heroic, it is self promoting. Thank God for the real, mainly unsung heroes.

At Help for Heroes, we believe those who serve our country deserve support when they 're wounded. Every day, men and women have to leave their career in the Armed Forces as a result of physical or psychological wounds; their lives changed forever. We help them, and those still serving, to recover and get on with their lives.

Our heroes are symbols for us of all the qualities we would like to possess and all the ambitions we would like to satisfy. A person who chooses Martin Luther King or Susan B. Anthony as a hero is going to have a very different sense of what human excellence involves than someone who chooses, say, Paris Hilton, or the rapper 50 Cent.
