an era of global turbulence.

Germany's financial collapse in the summer of 1931 was one of the biggest economic catastrophes of modern history. It led to a global panic, brought down the international monetary system, and turned a worldwide recession into a prolonged depression. The crisis also contributed decisively to the rise of Hitler. Within little more than a year of its onset, the Nazis were Germany's largest political

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

party at both the regional and national level, paving the way for Hitler's eventual seizure of power in January 1933. The origins of the collapse lay in Germany's large pile of foreign debt denominated in gold-backed currencies, which condemned the German government to cut spending, raise taxes, and lower wages in the middle of a worldwide recession. As political resistance to this policy of austerity grew, the German government began to question its

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

debt obligations, prompting foreign investors to panic and sell their German assets. The resulting currency crisis led to the failure of the already weakened banking system and a partial sovereign default. Hitler managed to profit from the crisis because he had been the most vocal critic of the reparation regime responsible for the lion's share of German debts. As the financial system collapsed, his relentless attacks

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

against foreign creditors and the alleged complicity of the German government resonated more than ever with the electorate. The ruling parties that were responsible for the situation lost their credibility and became defenceless in the face of his onslaught against an establishment allegedly selling the country out to her foreign creditors. Meanwhile, these creditors hesitated too long to take the wind out of Hitler's sails by

syntheses of major topics by an international team of leading scholars. Emphasizing demographic, economic, and political history, this Handbook places German history in a denser transnational context than any other general history of Germany. It underscores the centrality of war to the unfolding of German history, and shows how it dramatically affected the development of German nationalism and the structure of German politics. It also reaches out to scholars and students beyond the field of history with detailed and cutting-edge chapters on religious history and on literary history, as well as to contemporary observers, with reflections on Germany and the European Union, and on 'multi-

cultural Germany.' Covering the period from around 1760 to the present, this Handbook represents a remarkable achievement of synthesis based on current scholarship. It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic, often destructive, integration into the community of modern nations. As it brings this story to the present, it also places the current post-unification Federal Republic of Germany into a multifaceted historical context. It will be an indispensable resource for scholars, students, and anyone interested in modern Germany. The Cambridge Advanced Learner's Dictionary gives

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the

The Seven Secrets of Germany

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

There are many books about philosophy, but *Who Am I? And If So How Many?* is different from the rest. Never before has anyone introduced readers so expertly and, at the same time, so light-heartedly and elegantly to the big philosophical questions. Drawing on neuroscience, psychology, history, and even pop culture, Richard David Precht deftly elucidates the questions at the heart of human existence: What is truth? Does life have meaning? Why should I be good? and presents them in concise, witty, and engaging prose. The result is an exhilarating journey through the history of philosophy and a lucid introduction to current research on the brain. *Who Am I? And If So, How Many?* is a wonderfully accessible introduction to philosophy. The book is a kaleidoscope of

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

philosophical problems, anecdotal information, neurological and biological science, and psychological research. The books is divided into three parts: 1) What Can I Know? focuses on the brain and the nature and scope of human knowledge, starting with questions posed by Kant, Descartes, Nietzsche, Freud, and others. 2) What Should I Do? deals with human morals and ethics, using neurological and sociological research to explain why we empathize with others and are compelled to act morally. Discusses the morality of euthanasia, abortion, cloning, and other controversial topics. 3) What Can I Hope For? centers around the most important questions in life: What is happiness and why do we fall in love? Is there a God and how can we prove God's existence? What is freedom? What is

Handbook of German Philosophy in the Nineteenth Century is the first collective critical study of this great period in intellectual history. A team of leading experts explore individual philosophers working in the period, including Fichte, Hegel, Kierkegaard, and Nietzsche; key philosophical movements associated with it, Idealism and Romanticism amongst them; different areas of philosophy that received particular attention at this time; and the central philosophical topics under debate. An essential resource for anyone working in the area, the Handbook will lead the direction of future research in this vital period of philosophy.

Oxford German Dictionary

'Nowhere, beloved, can world be but within us' Rainer Maria Rilke (1875-1926) is one of the leading poets of European Modernism, and one of the greatest twentieth-century lyric poets in German. From *The Book of Hours* in 1905 to the *Sonnets of Orpheus* written in 1922, his poetry explores themes of death, love, and loss. He strives constantly to interrogate the relationship between his art and the world around him, moving from the neo-romantic and the mystic towards the

precise craft of expressing the everyday in poetry. This bilingual edition fully reflects Rilke's poetic development. It contains the full text of the Duino Elegies and the Sonnets to Orpheus, selected poems from The Book of Images, New Poems, and earlier volumes, and from the uncollected poetry 1906-26. The translations are accurate, sensitive, and nuanced, and are accompanied by an introduction and notes that elucidate Rilke's poetic practice and his central role in modern poetry. Cambridge Advanced Learner's Dictionary KLETT VERSION

This is the most comprehensive self-contained treatment of Middle High German available in English. It covers the language, literature, history, and culture of German in the period from 1050 to 1350 and is designed for entry-level readers, advanced study, teaching, and reference. The book includes a large sample of texts, not only from Classical works such as Erec, the Nibelungenlied, Parzival, and Tristan, but also from mystical writing, chronicles, and

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

legal documents. The selection represents all major dialects and the full time span of the period. The introduction defines Middle High German linguistically, geographically, and chronologically. Chapter 2 then provides a detailed exploration of the grammar, covering sounds and spelling, inflectional morphology, syntax, and lexis. Chapter 3 deals with versification, discussing metre, rhyme, lines of verse in context, and verse forms, and includes practical tips for scansion. Chapter 4 offers an account of the political and social

Oxford Take Off in German Oxford University
The Oxford Handbook of Local and Regional Democracy in Europe analyses the state of play of democracy at the subnational level in the 27 member states of the EU plus Norway and Switzerland. It places subnational democracy in the context of the distinctive Anglo, the French, the German and Scandinavian state traditions in Europe asking to what extent these are still relevant today. The Handbook adapts Lijphart's

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

theory of democracy and applies it to the subnational levels in all the country chapters. A key theoretical issue is whether subnational (regional and local) democracy is derived from national democracy or whether it is legitimate in its own right. Besides these theoretical concerns it focuses on the practice of democracy: the roles of political parties and interest groups and also how subnational political institutions relate to the ordinary citizen. This can take the form of local referendums or other mechanisms of

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

participation. The Handbook reveals a wide variety of practices across Europe in this regard. Local financial systems also reveal a great variety. Finally, each chapter examines the challenges facing subnational democracy but also the opportunities available to them to enhance their democratic systems. Among the challenges identified are: Europeanization, globalization, but also citizens disaffection and switch-off from politics. Some countries have confronted these challenges more successfully than others but all countries face them. An

Read Free Oxford Take Off In German A Complete Language Learning Pack Book And Cds

important aspect of the Handbook is the inclusion of all the countries of East and Central Europe plus Cyprus and Malta, who joined the EU in 2004 and 2007. This is the first time they have been examined alongside the countries of Western Europe from the angle of subnational democracy.
