The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author" "This book... is not written for the members of fringe political groups, such as the Weatherman, or The

Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

This PMP® certification study guide is a complete and up-to-date resource covering project management best practices and topics from the PMBOK Guide, 6th edition. It covers 49 processes, along with exam tips, and presents the concepts of project management succinctly for a full understanding of the content to help you take and pass the PMP® exam.

With the recent content update of 2021, It is more important that the PMP aspirant's mindset needs to be more agile and focused on the project life cycle with an understanding of broader concepts. The book is updated to ensure that it is aligned with the latest update of the PMP exam content outline for 2021. The new exam is 180 questions with two breaks of 10 mins each. That would mean that the exam is divided into three sections having 60 questions each. Each section is independent and has to be attempted as full. Once a section is closed, you can not come back to it to review.. The result of the exam is displayed only after the third section, i.e., section C. The questions are changed to multi-answer, drag, and drop, and TRUE/FALSE. All those changes are reflected in the new book. You have the best resource for the PMP examination preparation. Go ahead and start the 21 Days plan. The 21 days plan is given for the preparation - kindly follow to get the best outcome. The Anarchist Cookbook

Hi there, Thanks for picking up this book. A few years back when I took few batch on CAPM, I could not find any book for college students. There were only PMP books. Few books were labeled as CAPM/PMP preparation guide. However, CAPM student profile is way different from a PMP aspirant. CAPM questions are easier and test only recallability and applicability aspects as per Blooms Taxonomy. SO I could not understand combining the book and giving the same book to a fresher and a seasoned Project Manager. I wanted to create a study guide for CAPM aspirants keeping their expectations and examination question. I was a PMP. Still, I scheduled a CAPM exam (and Passed)- just to make sure that this book which you are reading is fully aligned with the CAPM level of questions. The book ensures that the basic principles are understood. The WHY of the questions is answered in a logical manner and you feel confident on the subject. The book uses scientific methods to help you retain the knowledge - The use of study

capsules and you feel in control.

700+ Questions, Let's Play, Mindmaps and Scenarios combined with keywords help you get started for the PMP Examination quickly and effectively. The book keeps you engaged by simplifying concepts and Let's Play elements. Module-end exercises give a taste of the PMP examination questions. 21 Days customizable plan will help you stay focused. Go ahead and start your PMP preparation today. BE A PMP IN 21 DAYS!

Are you confused by reading complex PMP books and attending the never-ending eLearning or Online sessions? Some of the big books just eat your time and confuse you. Worse, they can leave you confused and you no more want to take the next step to attempt the exam. Even worse, you attempt the exam and fail. The key to success is getting the fundamental concepts in place. There are only a few fundamental concepts in the PMBOK. If you know them, you can think and arrive at the right answer. That makes the life easy. That's is it. That's the answer to all the people who are confused or scared of the PMP challenge. Some of my students can even debate if the questions are correct or not. That's a good foundation. If you know the concepts then you are confident and can distinguish between the right questions and wrong questions. Get started with the PMP Study Guide.
