The Cambridge History of Japanese Literature provides, for the first time, a history of Japanese literature with comprehensive coverage of the premodern and modern eras in a single volume. The book is arranged topically in a series of short, accessible chapters for easy access and reference, giving insight into both canonical texts and many lesser known, popular genres, from centuries-old folk literature to the detective fiction of modern times. The various period introductions provide an overview of recurrent issues that span many decades, if not centuries. The book also places Japanese literature in a wider East Asian tradition of Sinitic writing and provides comprehensive coverage of women's literature as well as new popular literary forms, including manga (comic books). An extensive bibliography of works in English enables readers to continue to explore this rich tradition through translations and secondary reading.

A vivid, deeply researched work of history that explores the life of an unconventional woman during the first half of the 19th century in Edo—the city that would become Tokyo—and a portrait of a great city on the brink of a momentous encounter with the West. The daughter of a Buddhist priest, Tsuneno was born in a rural Japanese village and was expected to live a traditional life much like her mother's. But after three divorces—and a temperament much too strong-willed for her family's approval—she ran away to make a life for herself in one of the largest cities in the world: Edo, a bustling metropolis at its peak. With Tsuneno as our guide, we experience the drama and excitement of Edo

just prior to the arrival of American Commodore Perry's fleet, which transformed Japan. During this pivotal moment in Japanese history, Tsuneno bounces from tenement to tenement, marries a masterless samurai, and eventually enters the service of a famous city magistrate. Tsuneno's life provides a window into 19th-century Japanese culture—and a rare view of an extraordinary woman who sacrificed her family and her reputation to make a new life for herself, in defiance of social conventions. Immersive and fascinating, *Stranger in the Shogun's City* is a revelatory work of history, layered with rich detail and delivered with beautiful prose, about the life of a woman, a city, and a culture.

Daisetsu Teitarō Suzuki was a key figure in the introduction of Buddhism to the non-Asian world. Many outside Japan encountered Buddhism for the first time through his writings and teaching, and for nearly a century his work and legacy have contributed to the ongoing religious and cultural interchange between Japan and the rest of the world, particularly the United States and Europe. This fourth volume of *Selected Works of D. T. Suzuki* brings together a range of Suzuki's writings in the area of Buddhist studies. Based on his text-critical work in the Chinese canon, these essays reflect his commitment to clarifying Mahāyāna Buddhist doctrines in Indian, Chinese, and Japanese historical contexts. Many of these innovative writings reflect Buddhological discourse in contemporary Japan and the West's pre-war ignorance of Mahāyāna thought. Included is a translation into English for the first time of his "Mahāyāna Was Not Preached by Buddha." In addition to editing the essays and contributing the translation, Mark L. Blum presents an introduction that examines how Suzuki understood Mahāyāna discourse via Chinese sources and analyzes his problematic use of Sanskrit.

In an alternate frontier America, Eff must travel beyond the Great Barrier and come to terms with her magic abilities--and those of her twin brother--to stop the newest threat encroaching on the settlers.

Introductory Phonetics and Phonology of English attempts to provide a practical guide to the learner in all ramifications of theoretical and practical uses of the phonetics and phonology of the English language. Useful suggestions and tips are also given on how to overcome the terror of the sounds of English. An attempt is also made to give detailed information on the workings of the prosodic features of English. This is especially necessary, as they remain, largely, the most confounding aspect of the English language to the average Nigerian speaker of English. The distinctive phonological features of the English sounds are also painstakingly discussed to help make the identification and description of the sounds of English even more interesting and accessible. The discussion about the phonological tendencies of the sounds of the English language is meant to help the reader see the English sounds as functional entities that go beyond the theoretical descriptions of their articulatory processes in the classroom. This book thus serves as a useful introductory text. If the success of the first edition is anything to go by, it is obvious that many students at both undergraduate and postgraduate levels have found the book a helpful guide into understanding and mastering the phonetics and phonology of English. Moreover, certificate class students at secondary school level have also found the many segmental and suprasegmental examples very practical and helpful to their mastery of English phonetics.

The Haynes Bicycle Book (3rd Edition)

Shortlisted, Miles Franklin Literary Award, 2015, Australia. Tree Palace is a affectionate portrait of a family living on the edge of society. Shane, Moira and Midge, along with young Zara and Rory, are trants - itinerants roaming the plains north-west of Melbourne in search of disused houses to sleep in, or to strip of heritage fittings when funds are low. When they find their Tree Palace outside Barleyville, things are looking up. At last, a place in which to settle down. But Zara, fifteen, is pregnant and doesn't want a child. She'd rather a normal life with town boys, not trant life with a baby. Moira decides to step in: she'll look after her grandchild. Then Shane finds himself in trouble with the local cops. Warmly told and witty, Craig Sherborne's second novel is a revelation, an affecting story of family and rural life. Craig Sherborne's memoir Hoi Polloi (2005) was shortlisted for the Queensland Premier's and Victorian Premier's Literary Awards. The follow-up, Muck (2007), won the Queensland Premier's Literary Award for Non-fiction. Craig's first novel, The Amateur Science of Love, won the Melbourne Prize for Literature's Best Writing Award, and was shortlisted for a Victorian Premier's Literary Award and a NSW Premier's Literary Award. Craig has also written two volumes of poetry, Bullion (1995) and Necessary Evil (2005), and a verse drama, Look at Everything Twice for Me (1999). His writing has appeared in most of Australia's literary journals and anthologies. He lives in Melbourne. 'Told with warmth and humour, this contemporary, distinctly Australian story explores teen pregnancy; motherhood and parenthood; love and family; the roles and feelings of men and boys; and the power plays inherent in all human relationships. Tree Palace serves up a full slice of life - the bitter with the sweet.' 4 stars Bookseller and Publisher 'With the crystallisation and compression of poetry, Sherborne explores ideas of property, freedom and loyalty, and produces a novel as beautiful in its conjunctions as the chandelier swinging over its landscapes.' Australian '[Tree Palace is] moving, terrifying and wonderfully well observed and, as with all the strange books Sherborne writes, a triumph...The main character [is] one of the great portraits of up-against-it Australian womanhood in our literature, a figure to put with Lawson's Drover's Wife and Barbara Baynton's women.' Peter Craven, Sydney Morning Herald 'Sherborne's descriptions of landscape are poetic and powerful, reinforcing a sense of identity that is deeply connected to a sense of place.' Readings 'Sherborne had me at chapter one. Yes this comes down to the writing, which is, quite simply, sublime, but it goes further than that. There's such feeling; such heart that it's impossible not to fall for Moira, Shane and co. Tree Palace is a reminder that even inside the smallest of stories there's room

enough for the stirring of universal themes...This is timeless, universal storytelling that is nonetheless quintessentially Australian.' Eureka Street '[Tree Palace has] insight, empathy and supple, observant prose.' Advertiser

'This is a book about rural Australia, love gained and lost, and fighting for what you believe in. But, unlike many books in the same genre, The Saddler Boy is subtly about so much more.' Weekly Times Schoolteacher Natalie has always been a city girl. She has a handsome boyfriend and a family who give her only the best. But she craves her own space, and her own classroom, before settling down into the life she is expected to lead. When Nat takes up a posting at a tiny school in remote Western Australia, it proves quite the culture shock, but she is soon welcomed by the inquisitive locals, particularly young student Billy and his intriguing single father, Drew. As Nat's school comes under threat of closure, and Billy's estranged mother turns up out of the blue, Nat finds herself fighting for the township and battling with her heart. Torn between her society life in Perth and the rural community that needs her, Nat must risk losing it all to find out what she's really made of - and where she truly belongs. Praise for Fiona Palmer 'Fiona Palmer just keeps getting better.' Rachael Johns 'Palmer's passion for the land bleeds into the story, and her scenes are vivid and genuine, just as her characters are.' Book'd Out 'Fiona Palmer has well and truly earned her place as a leading writer of one of Australia's much-loved genres.' Countryman

At last: a book on the martial arts from a true Zen master. Taisen Deshimaru was born in Japan of an old samurai family, and he received from the Great Master Kodo Sawaki the Transmission of Mind to Mind when Sawaki died. In 1967, Deshimaru-Roshi went to France and taught as a missionary general of the Sato Zen School until his death in 1982. In Europe he learned how to make Oriental concepts understandable to the Western mind. One of the results of that experience was this book: a series of lessons, question-and-answer sessions, and koans (riddles or anecdotes that point out general principles) that provide practical wisdom for all students of the martial arts--kendo, aikido, iai-do, jodo, or archery--as well as for the general reader interested in Zen.

Louder and Faster is a cultural study of the phenomenon of Asian American taiko, the thundering, athletic drumming tradition that originated in Japan. Immersed in the taiko scene for twenty years, Deborah Wong has witnessed cultural and demographic changes and the exponential growth

and expansion of taiko particularly in Southern California. Through her participatory ethnographic work, she reveals a complicated story embedded in memories of Japanese American internment and legacies of imperialism, Asian American identity and politics, a desire to be seen and heard, and the intersection of culture and global capitalism. Exploring the materialities of the drums, costumes, and bodies that make sound, analyzing the relationship of these to capitalist multiculturalism, and investigating the gender politics of taiko, Louder and Faster considers both the promises and pitfalls of music and performance as an antiracist practice. The result is a vivid glimpse of an Asian American presence that is both loud and fragile.

A Collection of Thoughts, Sayings and Meditations on the Way of the Samurai "It is said that what is called "the spirit of an age" is something to which one cannot return. That this spirit gradually dissipates is due to the world's coming to an end. For this reason, although one would like to change today's world back to the spirit of one hundred years or more ago, it cannot be done. Thus it is important to make the best out of every generation." — Tsunetomo Yamamoto, Hagakure: The Book of the Samurai A formerly secret text known only to the Samurai, Hagakure is a classic text on Bushido--the Way of the Warrior. For over 2500 years, Buddhism was implicated in processes of cultural interaction that in turn shaped Buddhist doctrines, practices and institutions. While the cultural plurality of Buddhism has often been remarked upon, the transcultural processes that constitute this plurality, and their long-term effects, have scarcely been studied as a topic in their own right. The contributions to this volume present detailed case studies ranging across different time periods, regions and disciplines, and they address methodological challenges as well as theoretical problems. In addition to casting a spotlight on topics as diverse as the role of trade contacts in the early spread of Buddhism, the hybrid nature of religious practices in Japan or Indo-Tibetan relations in Tibetan polemical literature, the individual papers jointly raise the question as to whether there might be something distinct about how Buddhism steers and influences forms of cultural exchange, and is in turn shaped by modalities of cultural interaction throughout Asian, as well as global, history. The volume is intended to demonstrate the need for investigating transcultural dynamics more closely in the study of Buddhism, and to suggest new avenues for Buddhist Studies.
