and replacing
spark-ignition
engines with
hybrid engines and
components would
reduce fuel
consumption by 43*

Get Free Peugeot Expert Diesel

percent at an increase of \$6,000 per vehicle. The book focuses on fuel consumption--the amount of fuel consumed in a given driving distance--because energy savings are directly related to

Get Free Peugeot Expert Diesel

the amount of fuel used. In contrast, fuel economy measures how far a vehicle will travel with a gallon of fuel. Because fuel consumption data indicate money saved on fuel purchases and reductions in

Get Free Peugeot Expert Diesel

carbon dioxide emissions, the book finds that vehicle stickers should provide consumers with fuel consumption data in addition to fuel economy information.
