contemporary British poets writing out of both mainstream and avant-garde traditions challenge established critical models of ekphrasis with work that is more complex than representational or counter-

A Poet's Revolution

What is poetry? Often it is understood as a largely self-enclosed verbal system—"suspended from any mutual interaction with

alien discourse,” in the words of Mikhail Bakhtin. But in Poetry and Its Others, Jahan Ramazani reveals modern and contemporary poetry’s animated dialogue with other genres and

discourses. Poetry generates rich new possibilities, he argues, by absorbing and contending with its near verbal relatives. Exploring poetry's vibrant exchanges with

This book offers a new reading of the Caribbean Nobel Laureate Derek

Walcott, by not only focusing on his totally neglected essays, but also introducing him as a postcolonial theoretician. Probing into Walcott's writings, the study singles

out a set of concepts that parallel, support and sometimes precedes most of the seminal views in postcolonial theory. Wedding theory to practice, the book takes the reader

on a scholarly trip whereby Walcott's theoretical views are applied on his poems. "The first full-length biography of British-born poet Denise Levertov (1923-1997) brings to life a

Poet in the Grandstand
A Critical History

Set to generate and influence discussions in the field for years to come, this is an encyclopaedic work on the ever-evolving genre of poetry film. It will set the
