Ce livre reproduit les discours prononcés par trente-huit personnalités lorsque leur a été octroyé le doctorat honoris causa de l'Université catholique de Louvain. Les thèmes abordés reflètent les préoccupations de l'université et de la société d'aujourd'hui : l'éducation, la spiritualité, la paix et les droits de l'homme, la pauvreté, l'engagement politique, l'Europe et l'économie durable. Ces textes offrent des pistes de réflexion et d'action pour une société meilleure.

From the walls and curtains of first-century Judaism to the tramezzo of Renaissance Italy, screens of various shapes and sizes have been used to separate the sacred from the secular. Drawn from papers presented at a recent Dumbarton Oaks Byzantine Studies symposium, this volume provides insightful new research on the history of the iconostasis.

This book attempts to locate the patterns of the first part of the book of Jeremiah by the application of rhetorical criticism -- that is, the analysis of the ways by which two or more units of literary material are connected into larger units by the association of sounds, key words, or ideas.

A New Yorker writer revisits the seminal book of her youth--Middlemarch--and fashions a singular, involving story of how a passionate attachment to a great work of literature can shape our lives and

help us to read our own histories. Rebecca Mead was a young woman in an English coastal town when she first read George Eliot's *Middlemarch*, regarded by many as the greatest English novel. After gaining admission to Oxford, and moving to the United States to become a journalist, through several love affairs, then marriage and family, Mead read and reread *Middlemarch*. The novel, which Virginia Woolf famously described as "one of the few English novels written for grown-up people," offered Mead something that modern life and literature did not. In this wise and revealing work of biography, reporting, and memoir, Rebecca Mead leads us into the life that the book made for her, as well as the many lives the novel has

led since it was written. Employing a structure that deftly mirrors that of the novel, *My Life in Middlemarch* takes the themes of Eliot's masterpiece--the complexity of love, the meaning of marriage, the foundations of morality, and the drama of aspiration and failure--and brings them into our world. Offering both a fascinating reading of Eliot's biography and an exploration of the way aspects of Mead's life uncannily echo that of Eliot herself, *My Life in Middlemarch* is for every ardent lover of literature who cares about why we read books, and how they read us.

In Old Testament exegesis a gap is widening between the adherents of the 'diachronic', historical-critical approach and those who out of dissatisfaction with both the results and the methods of this 'classical' approach opt for a wide variety of 'synchronic' approaches. The Ninth Joint Meeting of the Dutch 'Oudtestamentisch Werkgezelschap'

and the British 'Society for Old Testament Study', held at Kampen 28-31 August 1994, brought together partisans from both camps who engaged in a most interesting and fruitful debate on one of the major methodological issues confronting modern Old Testament scholarship. This volume contains the papers read as well as some reports from the workshops. With indices of texts and subjects.

The Pentateuch lies at the heart of the Western humanities. Yet despite

nearly two centuries of scholarship, its historical origins and its literary history are still a subject of intense discussion. Critical scholarship has isolated multiple layers of tradition, inconsistent laws, and narratives that could only have originated from separate communities within ancient Israel, and were joined together at a relatively late stage by a process of splicing and editing. In effect, a number of independent scholarly discourses have emerged. Each centers on the Pentateuch, each operates with its own set of working assumptions, and each is confident of its own claims. This volume seeks to stimulate international discussion about the Pentateuch in order to help the discipline move toward a set

Historians who viewed imperial Rome in terms of a conflict between pagans and Christians have often regarded Constantine's conversion as the triumph of Christianity over paganism. Here Drake offers a fresh understanding of Constantine's rule. The story follows the adventures of an hidalgo

named Mr. Alonso Quixano who reads so many chivalric romances that he loses his sanity and decides to set out to revive chivalry, undo wrongs, and bring justice to the world, under the name Don Quixote de la Mancha. He recruits a simple farmer, Sancho Panza, as his squire, who often employs a unique, earthy wit in dealing with Don Quixote's rhetorical orations on antiquated knighthood. Don Quixote, in the first part of the book, does not see the world for what it is and prefers to imagine that he is living out

a knightly story. Throughout the novel, Cervantes uses such literary techniques as realism, metatheatre, and intertextuality.

Poetics of the Iconotext makes available for the first time in English the theories of the respected French text/image specialist, Professor Liliane Louvel. A consolidation of the most significant theoretical materials of Louvel's two acclaimed books, L'Oeil du Texte: Texte et image dans la littérature anglophone and Texte/Image: Images à lire, textes à voir, this newly

conceived work introduces English readers to the most current thinking in French text/image theory and visual studies. Focusing on the full spectrum of text/image relations, from medieval illuminated manuscripts to digital books, Louvel begins by introducing key terms and situating her work in the context of significant debates in text/image studies. Part II introduces Louvel's s typology of pictorial saturation through which she establishes a continuum along which to measure the effect of the

most figurative to the most literal images upon writerly and readerly textual 'spaces.' Part III adopts a phenomenological approach towards the reading-viewing experience as expressed in conceptual categories that include the trace, focal range, synesthesia, and rhythm and speed. The result is a provocative interplay of the categorical and the subjective that invites readers to think at once more precisely and more inventively about texts, images, and the intersections between the

two.

"Equally in God's Image:

Women in the Middle Ages" is a volume of essays presenting the argument that with the coming of the universities women were excluded, in an apartheid of gender, from education and power. It discusses the resulting paradigm shift from Romanesque to Gothic, describing the images which women had of themselves and which the dominant male society had of them. We meet, in the pages of this book, medieval women in their roles as writers,

 The volume, as a -Distant
 Mirror- for ourselves
 today, seeks to present
 ways in which women
 then fulfilled the roles
 society expected of them
 and the ways in which
 they also subverted -

wide range of written and painted sources in order to analyze the decoration of the Byzantine sanctuary from the perspective of its contemporary viewer, from monk to liturgical celebrant, from bishop to lay worshipper. In a new presentation of the sanctuary program, the author reveals to the modern reader what was and is manifest only to the clergy.

"This book accompanies the first exhibition to explore the lives of

Byzantine women through their representation in material and literary culture. It features nearly two hundred works of art gathered from premier collections in North America by the organizers at Harvard University's Arthur M. Sackler Museum."--BOOK JACKET.
