Epistemology Richard Feldman. Sophisticated yet accessible and easy to read, this introduction to contemporary philosophical questions about knowledge and rationality goes beyond the usual bland survey of the major current views to show that there is argument involved. Throughout, the author provides a fair and balanced blending of the standard positions on epistemology with his own carefully ...

Richard Feldman & Earl Conee - 1985 - Philosophical Studies 48 (1):15 - 34. Evidentialism is a view about the conditions under which a person is epistemically justified in having a particular doxastic attitude toward a proposition. Evidentialism holds that the justified attitudes are determined entirely by the person's evidence.
