Divided into chapters by time of day, in Ciudad de México, chef Edson Diaz-Fuentes takes the reader on a whirlwind tour of one of the most diverse cuisines in the world, explored through the vibrant and bustling Mexico City. Inspired by the culinary highlights of his childhood, Ciudad de México features favourites such as Huevos Motuleños, Tacos de Pescado Estilo Baja, Pambazos, and Oxtail Mole de Olla, accompanied by an array of cocktails including Margaritas de Jamaica and Mezcal Sours. With a dedicated section to marinades, rubs, and salsas, Ciudad de México contains everything you need to bring a touch of Mexican flavour to everyday dishes, such as Edson's Beetroot and Pasilla Mixe Ketchup. Designed for the home cook, Edson's handy substitution guides allow you to capture the essence of Mexican cooking with readily available ingredients, so it won't matter if you're short a tomatillo or two. A book evoking the flavour and soul of Mexican hospitality, Ciudad de México unveils the complexities of the cuisine and the rich food culture that unites this sprawling metropolis. Tied together with stunning location photography, this book is a must-have for any home cook and culinary explorer.

Think and Grow Rich is a motivational personal development and self-help book by Napoleon Hill. The book was heavily inspired by the work of Andrew Carnegie. While the title focuses on how to get rich, the author explains that the philosophy taught in the book can be used to help people succeed in all lines of work and to do or be almost anything they want.

Basado en su popular segmento de Despierta Americana, en esta segunda entrega de la serie CONSULTA CON DOCTOR JUAN, el doctor Juan Rivera nos cuenta si los remedios caseros -y de la abuela- funcionan de verdad 100 remedios caseros (y muchas recetas) para aliviar molestias y enfermedades, mejorar tu salud y hacerte lucir mucho mejor. Seguro tienes muchos de estos remedios en tu cocina -o los has visto en el mercado- y no sabes cómo usarlos... La canela controla el azúcar y mejora la digestión El hinojo baja la presión arterial y sirve para lavar los ojos La manzanilla previene el insomnio y ayuda a cicatrizar El orégano fortalece el sistema inmunológico y contrarresta el envejecimiento Descubre cómo evitar los ronquidos con una pelota de tenis, combatir los ataques de asma con café eliminar el mal olor de los pies con té negro y muchos secretos más. Con su estilo ameno, el Doctor Juan de Univision revela 100 SANTOS REMEDIOS contra problemas comunes, nos explica por qué sirven y nos brinda consejos e instrucciones precisas para beneficiarnos de ellos. "Soy un doctor formado académicamente de acuerdo con los cánones de la medicina tradicional pero con una mente abierta y un deseo continuo de aprender sobre terapias naturales que podrían mejorar la calidad de vida de mis pacientes y mis televidentes". - Doctor Juan Rivera

The 1964 murder of a nationally known cancer researcher sets the stage for this gripping exposé of medical professionals enmeshed in covert government operations over the course of three decades. Following a trail of police records, FBI files, cancer statistics, and medical journals, this revealing book presents evidence of a web of medical secret-keeping that began with the handling of evidence in the JFK assassination and continued apace, sweeping doctors into cover-ups of cancer outbreaks, contaminated polio vaccine, the arrival of the AIDS virus, and biological weapon research using infected monkeys. This new edition includes a foreword from author Jim Marr.

Antología del cuento chileno

Gran Libro de Los Mejores Cuentos: Volumen 5

The story behind Telemundo's Jenni Rivera: Mariposa del Barrio series, now streaming. A New York Times bestseller, this is the official biography from the beloved Mexican-American singer who lost her life in a tragic plane crash. The only autobiography authorized by Jenni Rivera "I can't get caught up in the negative because that destroys you. Perhaps trying to move away from my problems and focus on the positive is the best I can do. I am a woman like any other, and ugly things happen to me like any other woman. The number of times I have fallen down is the number of times I have gotten up." These are the last words that beloved Mexican American singer Jenni Rivera spoke publicly before boarding the plane that would crash and cut her life short on December 9, 2012. However, they are not the final words that La Diva de la Banda had for the world. Those are found in the pages you hold in your hands, Jenni's own account of the highs and lows of her extraordinary journey. She became the most acclaimed Spanish-language singer in the United States and sold more than 15 million records worldwide. A single mother of five and grandmother of two, she was also an actress, a television producer, the star of her own reality show, and an entrepreneur. But for all its immense success, Jenni's life often seemed to be a series of personal battles in which perseverance was her only weapon. As her fame grew, she made it her mission to speak about her struggles, forging an intimate connection with her fans. She became a figure of strength and a source of encouragement to women of all ages. In Unbreakable, Jenni recounts the crucial moments in her past, revealing her experiences with domestic and sexual abuse, divorce, body image issues, making her way in a male-dominated industry, raising her children as a single mother, and learning that she could depend only on herself. Though she is no longer with us, Jenni will always be the "Rivera rebel from Long Beach," the girl who maintained her sense of humor and fighting spirit in every circumstance. In this remarkable memoir, Jenni leaves behind a legacy of inspiration and determination that will forever live on through her precious family, friends, and fans.

A Yale-trained, board-certified family physician with a specialty in women's health and obstetrics delivers a proven 28-day program to heal the overwhelmed, overloaded systems, and prevent and reverse the myriad of symptoms affecting the vast majority of women today. Weight gain, fatigue, brain fog, hormonal imbalances, and autoimmune conditions—for years, health practitioners have commonly viewed each as individual health problems resulting from a patient's genetic bad luck, poor lifestyle choices, or lack of willpower. Patients, too, have turned to different doctors to alleviate their specific symptoms: an endocrinologist for a thyroid problem; a gynecologist for hormonal issues; an internist for weight, diabetes, and high blood pressure; a rheumatologist for joint problems, and even to therapists or psychologists. While these ailments may seem unrelated, Dr. Aviva Romm contends that they are intrinsically connected by what she calls Survival Overdrive Syndrome, a condition that occurs when the body becomes overloaded. SOS can result from childhood survival patterns or adult life stressors that are compounded by foods we eat, toxins in our environment, viral infections, lack of sleep, disrupted gut microflora, and even prescribed medications. Two of the systems most affected are the adrenal system and the thyroid, which control mood, hormones, inflammation, immunity, energy, weight, will power, blood sugar balance, cholesterol, sleep, and a host of other bodily functions. When these systems become overwhelmed they lead to symptoms that can develop into full blow illnesses, including diabetes, hypertension, osteoporosis, and heart disease—all of which have medically provable origins in SOS. The Adrenal Thyroid Revolution explains SOS, how it impacts our bodies and can lead to illness, and most importantly, offers a drug-free cure developed through Dr. Romm's research and clinical work with tens of thousands of patients. In as little as two weeks, you can lose excess weight, discover increased energy, improve sleep, and feel better. With The Adrenal Thyroid Revolution, you can rescue your metabolism, hormones, mind and mood—and achieve long-lasting health.

James Rhodes' passion for music has been his absolute lifeline. It has been the thread that has held him together through a life that has encompassed pain, conflict and turmoil. Listening to Rachmaninov on a loop as a traumatised teenager or discovering an Adagio by Bach while in a hospital ward – such exquisite miracles of musical genius have helped him survive his demons, and, along with a concert pianist he is today. This is a memoir like no other: unapologetically candid, boldly outspoken and surprisingly funny - James' prose is shot through with an unexpectedly mordant wit, even at the darkest of moments. An impassioned tribute to the therapeutic powers of music, Instrumental also weaves in fascinating facts about how classical music actually works and about the extraordinary potential to transform all of our lives.

Just after the sudden death of her mother - her most devoted fan - and weeks before the launch of her high-stakes second album, Greta James falls apart on stage. The footage quickly goes viral and she stops playing. Greta's career is suddenly in jeopardy - the kind of jeopardy her father, Conrad, has always warned her about. Months later, Greta - still heartbroken and very much adrift - reluctantly agrees to accompany Conrad on the Alaskan cruise her parents had booked to celebrate their fortieth anniversary. It could be their last chance to heal old wounds in the wake of shared loss. But the trip will also prove to be a voyage of discovery for them both, and for Ben Wilder, a charming historian who is struggling with a major upheaval in his own life. In this unlikeliest of places - at sea and far from the packed venues where she usually plays - Greta must finally confront the heartbreak she's suffered, the family hurts that run deep, and how to find her voice again. Angela's Ashes

Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. “The single most compelling personal account of the Holocaust . . . remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Most of us think God is not concerned with what we eat, but the Bible actually offers great insight and instruction about the effects of food on our bodies. Dr. Colbert introduces a revolutionary sugar detox method, combined with an anti-inflammatory form of the modified Mediterranean diet

that resolves a broad spectrum of diseases, including diabetes, heart disease, dementia, cancer, and osteoarthritis. Just imagine – understanding how food alone can produce mental clarity, balanced weight, and longevity. Includes meal plans.

Hildegard of Bingen recognized what the holistic health movement has only recently restored to our consciousness: that full health can only be experienced in a state of spiritual balance. Dr. Strehlow gives readers practical suggestions based on the integration of 35 spiritual forces of the human soul in order to "cure the soul within," which he synthesized from five of Hildegard's books on spiritual and psychological healing principles.

Describe los usos medicinales de una variedad de plantas que son parte de los remedios caseros tradicionales; proporciona recetas para las combinaciones que son útiles tener a mano; y da explicaciones científicas de por qué todos ellos trabajan.
