### Section 1 Population Dynamics Study

Study Guide, Section 1: Population Dynamics continued In  
your textbook, read about population growth rate. Refer to  
Figures 1 and 2. Respond to each statement. 17. Identify the  
type of growth rate demonstrated in Figure 1. 18. Identify  
the type of growth rate demonstrated in Figure 2. 19. Tell  
which type of growth rate comes first. In your textbook,

read about reproductive patterns.

---

### Study Guide Section 1: Population Dynamics

Section 1 Study Guide Population demography. the study of populations. birthrate. the number of births per year for every 1,000 people. death rate. the number of deaths per year for every 1,000 people. natural increase / growth rate of a population. the difference between an area's birthrate and its death rate. migration.

Biology Chapter 4 Section 1 Population Dynamics Study ...  
Section 1 • Population Dynamics 97 Population growth rate An  
important characteristic of any population is its growth  
rate. The population growth rate (PGR) explains how fast a  
given population grows. One of the characteristics of the  
population ecologists must know, or at least estimate, is  
natality.

study guide section 1 population dynamics answer key - Bing

Population growth is the increase in population size over time. Students learn that population growth, while exponential at times, is controlled by limiting factors that determine the carrying capacity of the environment. Such limits to population growth may result from predator-prey interactions or overcrowding.
