SIEMENS MAINTENANCE MANUAL

5.6 VMC MAINTENANCE The fans

in the cabinets must be

functioning properly. The

purpose of the fans in the

5.6.1 CABINET FANS cabinets

is to cool the electronics

and to move the heat out the

vents. An excessive amount

of heat in the cabinets,

from clogged holes or

nonfunctional fans, will

transfer to the column and

cause it to expand, as well

as damaging the electronics.
