Having read through the first and second book, I'm mostly disappointed. Things that made his books shine such as believable Characters with a strong voice, sideplots that weave into a bigger picture, an intresting world and so on are lackluster in Space Knight. Space Knight is an enjoyable ride. Hooray for the simple pleasures of space ship combat, desperate hand to hand battle against hordes of aliens, and magic enhanced sci-fi weaponry and armour. It was the first LitRPG for me and I wasn't sure what to expect but was pleasantly drawn into it. So it's a good jumping on point for trying LitRPGs.
