*With sharp, timely insight, pitch-perfect pop culture references, and her always unforgettable voice, New York Times bestselling author, comedian, actress, and producer Phoebe Robinson is back with her most must-read book yet. In her brand-new collection, Phoebe shares stories that will make you laugh, but also plenty that will hit you in the heart, inspire a little bit of rage, and maybe a lot of action. That means sharing her perspective on performative allyship, white guilt, and what happens when white people take up space in cultural movements; exploring what it's like to be a woman who doesn't want kids living in a society where motherhood is the crowning achievement of a straight, cis woman's life; and how the dire state of mental health in America means that taking care of one's mental health—aka "self-care"—usually requires disposable money. She also shares stories about her mom slow-poking before a visit with Mrs. Obama, the stupidly fake reassurances of zip-line attendants, her favorite things about dating a white person from the UK, and how the lack of Black women in leadership positions fueled her to become the Black lady boss of her dreams. By turns perceptive, laugh-out-loud funny, and heartfelt, *Please Don't Sit on My Bed in Your Outside Clothes* is not only a brilliant look at our current cultural moment, it's also a collection that will stay with readers for years to come.*

From the multi-award-winning and bestselling author of *The Night Watch* and *Fingersmith* comes an astonishing novel about love, loss, and the sometimes unbearable weight of the past. In a dusty post-war summer in rural Warwickshire, a doctor is called to see a patient at Lonely Hundreds Hall. Home to the Ayres family for over two centuries, the once grand house is now in decline, its masonry crumbling, its garden choked with weeds. All around, the world is changing, and the family is struggling to adjust to a society with new values and rules. Roddie Ayres, who returned from World War II physically and emotionally wounded, is desperate to keep the house and what remains of the estate together for the sake of his mother and his sister, Caroline. Mrs. Ayres is doing her best to hold on to the gracious habits of a gentler era and Caroline seems cheerfully prepared to continue doing the work a team of servants once handled, even if it means having little chance for a life of her own beyond Hundreds. But as Dr. Faraday becomes increasingly entwined in the Ayreses ’ lives, signs of a more disturbing nature start to emerge, both within the family and in Hundreds Hall itself. And Faraday begins to wonder if they are all threatened by something more sinister than a dying way of life, something that could subsume them completely. Both a nuanced evocation of 1940s England and the most chill-inducing novel of psychological suspense in years, *The Little Stranger* confirms Sarah Waters as one of the finest and most exciting novelists writing today.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. 'This was a breath-taking book to read and many weeks later I am still thinking about the implications for our society and - by extension - for my own life' Sebastian Junger, bestselling author of *The Perfect Storm* 'A wry meditation on one man's attempt to escape life's distractions and look inwards, to find meaning not by doing, but by being' Martin Sixsmith, bestselling author of *Philomena* and *Ayesha's Gift* 'Not all heroes wear capes. My latest one is a man called Christopher Knight - a silent idol for anyone who has felt the urge to just sack it all off and live the life of a hermit' Lucy Mangan, *Stylist* 'An extraordinary story about solitude, community, identity and freedom' *Guardian* 'A meditation on solitude, wildness and survival. It is also, unexpectedly, a tribute to the joys of reading' *The Wall Street Journal* In 1986, twenty-year-old Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the woods. He would not speak to another human being until three decades later when he was arrested for stealing food. Christopher survived by his wits and courage, developing ingenious ways to store food and water in order to avoid freezing to death in his tent during the harsh Maine winters. He broke into nearby cottages for food, clothes, reading material and other provisions, taking only what he needed. In the process, he unwittingly terrified a community unable to solve the mysterious burglaries. Myths abounded amongst the locals eager to find this legendary hermit. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life and the challenges he faced returning to the world. *The Stranger in the Woods* is a riveting story of survival that asks fundamental questions about solitude and what makes for a good life. A New York Times Bestseller Emmy-award winning broadcast journalist and leading Alzheimer 's advocate Meryl Comer 's *Slow Dancing With a Stranger* is a profoundly personal, unflinching account of her husband 's battle with Alzheimer 's disease that serves as a much-needed wake-up call to better understand and address a progressive and deadly affliction. When Meryl Comer 's husband Harvey Gralnick was diagnosed with early onset Alzheimer 's disease in 1996, she watched as the man who headed hematology and oncology research at the National Institutes of Health started to misplace important documents and forget clinical details that had once been cataloged encyclopedically in his mind. With harrowing honesty, she brings readers face to face with this devastating condition and its effects on its victims and those who care for them. Detailing the daily realities and overwhelming responsibilities of caregiving, Comer sheds intensive light on this national health crisis, using her personal experiences—the mistakes and the breakthroughs—to put a face to a misunderstood disease, while revealing the facts everyone needs to know. Pragmatic and relentless, Meryl has dedicated herself to fighting Alzheimer 's and raising public awareness. " Nothing I do is really about me; it 's all about making sure no one ends up like me, " she writes. Deeply personal and illuminating, *Slow Dancing With a Stranger* offers insight and guidance for navigating Alzheimer 's challenges. It is also an

urgent call to action for intensive research and a warning that we must prepare for the future, instead of being controlled by a disease and a healthcare system unable to fight it.

I want answers. I'll find a way to get them. Eli has an explanation for everything...until he doesn't. I finally crack him and gain leverage, only to learn a new, more twisted story. How can I believe round two of his lies? Now I know for certain he's not the only one in on this conspiracy, but I still don't know why this is happening to me. Teaser: (Eli) Good god, when that woman gets an idea in her head, nothing short of Armageddon can stop her. You don't trust me, Megan. You think I'm going to put a bullet in your head and chop you up with an ax like some deranged murderer. You think I'd do that to my wife, the love of my life, the woman who saved my life and soul. So what now? What do I do? She really didn't know what she was asking me back then. That, or she thought more of me than I do. What if she does make a break for it out here? Her talents lie more in the interpersonal realm, not so much outdoor survival. She can navigate life with the rich and twisted, surrounded by power hungry tycoons and white collar killers, but I'm not sure she'd keep her head about her in a survival situation out here, especially in her confused mental state. Why did I leave her by herself? Did I really think it'd prove that I trust her? <http://writerkristenjames.com/stranger-series/>

WINNER OF THE WINGATE LITERARY PRIZE 2020 `A superb piece of writing about London life. Past Wingate winners include Zadie Smith, Amos Oz and David Grossman' [A] shimmering new novel . . . Grant's book is as much a love letter to London as a lament, an ode to pink skin after sunny days and lost gloves waving from railings' The Economist 'A compelling portrait of contemporary London, it's a novel fit for shifting, uncertain times' Suzi Feay, Financial Times 'A Stranger City feels like a very important novel for right now: no politically ponderous diatribe but a witty, sunlounger-accessible and deeply humanising story about people - about us - and the societal shipwreck we're stuck in' Evening Standard When a dead body is found in the Thames, caught in the chains of HMS Belfast, it begins a search for a missing woman and confirms a sense that in London a person can become invisible once outside their community - and that assumes they even have a community. A policeman, a documentary film-maker and an Irish nurse named Chrissie all respond to the death of the unknown woman in their own ways. London is a place of random meetings, shifting relationships - and some, like Chrissie intersect with many. The film-maker and the policeman meanwhile have safe homes with wives - or do they? An immigrant family speaks their own language only privately; they have managed to integrate - or have they? The wonderful Linda Grant weaves a tale around ideas of home; how London can be a place of exile or expulsion, how home can be a physical place or an idea. How all our lives intersect and how coincidence or

the randomness of birth place can decide how we live and with whom.

Stranger in my Bed, a new romantic suspense/ psychological thriller series, Book One: Waking Up I wake up and confused and lost... except for Ellison, the key to my past and current life. My memories are shattered images at best and make no sense, and what I'm learning about myself makes me question who I am. Clues add up to different answers. Everyone else is certain about me and what's going on, leaving me questioning my sanity. Ellison is my lifeline. He's also a stranger to me. Teaser: It's too quiet. I still to listen, and then proceed silently around the corner... There's a hallway. Another corner. Then another. I'll never get out of here. My foot bumps something that wasn't there before. I crouch next to something—no, someone. It's too dark to see much but I make out a suit. Diagonal stripes on the tie. I rest a hand on his chest and it feels wet. I flip my hand over and see red. Bright red. Brighter than it should be in this black fog. I jerk awake with a gasp, then look at both of my palms in the semidarkness. I don't see blood. I rub them together. They're dry. Had I been holding a gun in the dream? The sensation is still there, so real that I stare at my empty hand to reassure myself. Why would I have a gun? I hear my ragged breathing and collect my thoughts enough to hold my breath and listen. At first I think I'm alone, but as my eyes adjust and see more details, I realize Ellison is still in the chair. Holding his breath too. There's tiny points of soft light coming from plug-ins and the machines. It's not nearly enough to see if his eyes are open. "Ellison?" No answer. "Ellison? Are you awake?" I panic, wondering what he's thinking. What he's doing. Updates at <http://writerkristenjames.com/stranger-series/>.

He should be mad at the fiercely outspoken female foreman, but something about her seems disconcertingly familiar -- even though Ethan is sure he'd remember meeting a stunning beauty like Anna Segee before. Anna has never forgotten Ethan -- or the schoolgirl crush she had on him before her father whisked her off to Canada.

Now the shy, gangly girl is grown up and back in Oak Grove with a new name, new confidence, and a newly inherited mill of her own. Her superb reputation in a male-dominated industry hasn't come easy, but even harder will be ignoring the sexy man Ethan has become. . . .
