Corporate Social Responsibility (CSR) Definition

CSR is a process with the aim to embrace responsibility for the company's actions and encourage a positive impact through its activities on the environment, consumers, employees, communities, stakeholders and all other members of the public sphere who may also be considered as stakeholders. The term "corporate social responsibility" came into common use in the late 1960s and early 1970s after many multinational corporations formed the term stakeholder, meaning those on whom an organization's ...

R. Edward Freeman - Wikipedia

Amazon's corporate social responsibility strategy gives the highest priority to customers as the most important stakeholder group. The company considers customers as the primary determinant of its e-commerce business success, especially because these stakeholders significantly affect revenues.

Amazon.com Inc. Stakeholders, Corporate Social ...

We draw upon the stigma literature and strategic stakeholder management model to develop a framework capable of explaining the link between environmental corporate social responsibility (ECSR) engagement and financial performance of stigmatized firms, taking stakeholder-oriented governance and density of local stigmatized firms into consideration.
