 Ernest T. Stringer is author of numerous influential books on action research, including Action Research in Education (2008), Action Research in Health (with Bill Genat, 2004), and Action Research in Human Services (with Rosalie Dwyer, 2005). After an early career as primary teacher and school principal, Stringer served as lecturer in education at Curtin University of Technology in Western Australia.

~~Action Research: Amazon.co.uk: Stringer, Dr. Ernest T.~~
 Action Research, by Ernest T. Stringer, is an introductory handbook for action research in the context of professional, organizational, and community research. Stringer is an experienced researcher with a background in education. He has worked on action research projects in Australia, East Timor (as a UNICEF consultant), and the United States.

~~Action Research: Amazon.co.uk: Stringer, Ernest T.~~
 In the Fourth Edition of Action Research, author Ernest T. Stringer provides clear guidelines to enable novice practitioner researchers to move comfortably through a process of inquiry that provides effective solutions to problems in the work and lives of those participating in the research.

~~Action Research | SAGE Publications Ltd~~
 In Action Research, author Ernest T. Stringer provides a series of tools that assist the researcher in working through the research process. The Third Edition of this popular text provides a simple but highly effective model for approaching action research: * Look: Building a picture and gathering information * Think: Interpreting and explaining * Act: Resolving issues and problems.

~~Action Research | Ernest (Ernie) T. Stringer | download~~
 The Fourth Edition of Ernest T. Stringer's best-selling Action Research offers easy-to-follow, clear guidelines that enable novice practitioner researchers to move comfortably through a process of inquiry and applied research. Featuring real-life examples and providing effective solutions that foster understanding of research procedures in real-life contexts, the book offers a simple but highly effective model for approaching action research:

 e Action research is a philosophy and methodology of research generally applied in the social sciences. It seeks transformative change through the simultaneous process of taking action and doing research, which are linked together by critical reflection. Kurt Lewin, then a professor at MIT, first coined the term "action research" in 1944.
