Third Edition of this popular guide - with expanded and updated content The animations of Japan's Studio Ghibli are amongst the most respected in the movie industry. Their delightful films rank alongside the most popular non-English language films ever made, with each new eagerly anticipated release a guaranteed box office hit. Yet this highly profitable studio has remained fiercely independent, producing a stream of imaginative and individual animations. The studio's founders, the late Isao Takahata and Hayao Miyazaki (who is coming out of retirement again soon), have created timeless masterpieces. Although their films are distinctly Japanese, their themes are universal: humanity, community and a love for the environment. No other film studio, animation or otherwise, comes close to matching Ghibli for pure cinematic experience. This Kamera Book examines all their major works including Laputa: Castle in the Sky, Grave of the Fireflies, My Neighbour Totoro, Kiki's Delivery Service, Only Yesterday, Porco Rosso, Pom Poko, Whisper of the Heart, Princess Mononoke and Howl's Moving Castle, as well as the critically acclaimed Spirited Away and The Tale of Princess Kaguya. Odell and Le Blanc's informed analysis also considers Studio Ghibli features such as Hayao Miyazaki's Oscar-nominated final masterpiece The Wind Rises, When Marnie Was There and the recent co-productions, Ronja the Robber's Daughter and Red Turtle. 'One of the most authoritative texts available. Whether you're a newcomer or a longtime fan, Studio Ghibli is well worth a read' - SciFi Now

(Schott). This edition matches the recent album of the same name.

My Neighbor Totoro is a long-standing international icon of Japanese pop culture that grew out of the partnership between the legendary animator Miyazaki Hayao and the world-renowned composer Joe Hisaishi. A crucial step in the two artists' collaboration was the creation of the album, My Neighbor Totoro: Image Song Collection, with lyrics penned by Miyazaki and Nakagawa Rieko, a famed children's book author, and music composed by Hisaishi. The album, released in 1987 prior to the opening of the film, served not only as a promotional product, but also provided Miyazaki with concrete ideas about the characters and the themes of the film. This book investigates the extent to which Hisaishi's music shaped Miyazaki's vision by examining the relationship between the images created by Miyazaki and the music composed by Hisaishi, with special emphasis on their approaches to nostalgia, one of the central themes of the film.
