

Supercoach Secrets To Transform Anyones Life

*Have you ever tried to tell someone what you want only to feel misunderstood and frustrated? Or hesitated to ask for what you needed because you didn't want to burden the other person? Or been stuck in blame or anger that wouldn't go away? Judith and Ike Lasater, long-term students of yoga and Buddhism, experienced dilemmas like these, too. Even though they had studied the yoga principle of satya (truth) and the Buddhist precept of right speech, it was not until they began practicing Marshall Rosenberg's techniques of Nonviolent Communication (NVC) that they understood how to live satya and right speech. In *What We Say Matters*, Judith and Ike describe their journey through NVC and how speech becomes a spiritual practice based on giving and receiving with compassion—everywhere, all the time—whether at home, at work, or in the world. Their writing is deeply personal, punctuated by their recounts of trial and error, success and failure, laughter and challenge—even in writing this book! They guide you through an introduction to NVC with clear explanations, poignant examples, suggested exercises, and helpful resources. With practice, you'll learn new ways to:*

- extend empathy to yourself and others
- distinguish between feelings and needs
- make requests rather than demands
- choose connection over conflict
- create mutually satisfying outcomes

*In 2016, one of the giants of modern journalism fell: Gawker Media, infamous for saying what other outlets wouldn't say, was sued for publishing Hulk Hogan's sex tape, lost the case and went bust. After countless other lawsuits it seemed that Gawker had finally run out of luck. But luck had nothing to do with it. Peter Thiel, PayPal founder and billionaire investor, had masterminded the whole thing. Still furious at an article that had outed him ten years previously, and increasingly disgusted at Gawker's unscrupulous reporting methods, Thiel had spent nearly a decade meticulously plotting a conspiracy that would lead to the demise of Gawker and its founder, Nick Denton. After a multi-year proxy war through the Florida legal system, the settlement of \$140million in favour of Hogan ended it. The verdict would stun the world and so would Peter's ultimate unmasking as the man who had set it all in motion. Why had he done this? How had no one discovered it? What would this mean--for free speech? For privacy? For culture? In *Holiday's* masterful telling of this nearly unbelievable conspiracy, informed by exclusive interviews with all the key players, this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press. It's a study in power, strategy, and one of the most wildly ambitious - and successful - secret plots in recent memory.*

This complete guide to life coaching reveals what life coaching IS, how to coach yourself and others effectively and how to create and sustain a successful coaching practice. Leading you through a comprehensive programme of Advanced Life Coaching Skill The Life Coaching Handbook is the essential guide for life coaches, and a key sourcebook for NLP practitioners, human resources managers, training professionals, counsellors and the curious. Curly Martin is a professional life coach, author, trainer and internationally qualified NLP Master Practitioner. Coaching for more than twenty years, her clients include celebrities, CEOs, directors and doctors.

The book is the result of five years of intensive research into the origins and use of Tarot cards.

An ancient wisdom meets the modern world Joyride reveals the illusory nature of pressure, worry and stress of all kinds. The revelation that these are not brought upon us by circumstances "outside of us" but created from the inside out is the start of a transformational journey of self-discovery that will allow you to "show up better," be more productive, more resilient and stress free. There are Three Principles creating our experience. An understanding of the way they work offers you a spiritual "rudder," helping you to leave behind self-generated limiting beliefs, achieve more peace of mind and ultimate freedom. The journey takes the form of an imaginary road trip from Miami down to Key West. At each stage of the journey there are anecdotes and stories acting as metaphors for the way in which we enslave ourselves with our own thinking, and pointing to a new way of being that is free from care, focused and happy. When couples go to a marriage counselor there are three possible outcomes: (1) they get a fresh start, (2) they stay together and "cope with" a tense or sour marriage, or (3) they separate. Every couple wants the first outcome. They want to have a fresh start and be happy together. If they can't get a fresh start, they will jump to the third choice-separation-because they don't want the second. They have already been coping and are tired of it. Problems and adversity are not the crux of marital discord. All couples face adversity, but it doesn't cause problems for harmonious couples. Couples with satisfying marriages don't "cope" with their lives and with each other. They don't work on their marriages. The strength of their marriages lies not in their ability to cope with their problems, but in their ability to keep their bearings and to stay close. This book shows couples how to do that.

Learn how to better navigate the challenges of adult life with Gail Sheehy's landmark bestseller—named one of the ten most influential books of our times by the Library of Congress. For decades, Gail Sheehy's Passages has been inspiring readers to see the predictable crises of adult life as opportunities for growth. She charts the stages between 18 and 50 as unfolding in a pattern of adult development: once recognized, more easily managed. Passages is an insightful road map of adulthood that illustrates with vivid stories our continuing personality and sexual changes throughout the "Trying 20s," "Catch 30s," "Forlorn 40s," and "Refreshed (or Resigned) 50s." One comment is continuously repeated by men, women, singles, couples, and people who recover from a midlife crisis: "This book changed my life."

Little changes can make a big, big difference! In The Little Book of Big Change, psychologist Amy Johnson shows you how to rewire your brain and overcome your bad habits—once and for all. No matter what your bad habit is, you have the power to change it. Drawing on a powerful combination of neuroscience and spirituality, this book will show you that you are not your habits. Rather, your habits and addictions are the result of simple brain wiring that is easily reversed. By learning to stop bad habits at the source, you will take charge of your habits and addictions for good. Anything done repeatedly has the potential to form neural circuitry in the brain. In this light, habits and addictions are impersonal brain wiring problems that result from taking your habitual thinking as truth, and acting on that thinking in the form of doing your habit—over and over. This book offers a number of small changes you can make in your everyday life that will help you stop your bad habit in its tracks. If you want to understand the science behind your habit, make the decision to end it, and commit to real, lasting change, this book will help you to finally take charge of your life—once and for all.

From a founding member of the coaching movement comes a detailed guide to mastering one of a coach's toughest skills: thoughtfully reflecting clients' words and expressions back to them so they see themselves and their world through new eyes. "Coaches rely far too much on asking open-ended questions," says Marcia Reynolds. But questions only seek answers—inquiry provides insight. When, instead of just questions, clients hear their thoughts, opinions, and beliefs spoken by someone else, it prompts them to critically consider how their thinking affects their goals. Reynolds cites the latest brain science to show why reflective inquiry works and provides techniques, tips, and structures for creating breakthrough conversations. This book will free coaches from the cult of asking the magical question by offering five essential practices of reflective inquiry: focus on the person, not the problem; summarize what is heard and expressed; identify underlying beliefs and assumptions; unwrap the desired outcome; and articulate insights and commitments. Using these practices, combined with a respectful and caring presence, helps create a space where clients feel safe, seen, and valued for who they are. Coaches become change agents who actively recharge the human spirit. And clients naturally dive deeper and develop personalized solutions that may surprise even the coach.

How much money is enough? How powerful do you want to be? And what price will it extract from you? An intriguing, powerful and hard-hitting novel set in the world of big money and big deals, written by a leading business insider. Charles lives in the testosterone-driven, high-powered, brutal world of investment banking. It is a world dominated by deals, bonuses, bravado and savagery. Charles is a master of this world. Each day he shrugs on a metaphorical suit of armour and goes out into a dog-eat-dog world to accumulate power and make money. He's a man who is familiar with casual brutality - his childhood saw to that. But there is a price to pay. Now, at the peak of his career, his armour is rusted and bloodstained and no longer protecting him the way it once did. He finds himself empty. Always cold. No friends. A family that is falling apart. Over the course of two days, everything in Charles' life comes into question. His carefully constructed world is starting to splinter - and he's splintering too. Shocking and at times immensely moving, Man in Armour is a compelling story of a man at the end of his tether, written with a sharp-eyed, incisive focus that also carries real emotional - and moral - resonance. Written by an ultimate business insider - a woman who knows intimately and at first hand this world of power, money and deal-making - this novel carries an undeniable authenticity and force. 'The detailed setting of the finance world - the highs and lows, cutthroat practices and relentless pace -is vividly rendered ... Man in Armour is very readable' Bookseller+Publisher 'There's no doubt McKenna can write a page-turner' Sydney Morning Herald

In Life Without Limits, Bassett asks, "If you could have, do, and be anything right now, what would you ask for?" Eight out of ten people are unable to answer this simple question. How about you? Do you know how to get what you want? Do you even know what you want? What do you see when you look in the mirror? A self-confident, radiant person who is living life to the fullest? Or do you see a frustrated, insecure, dissatisfied person who doesn't know how to change things? Bassett says, "In my work, I am continually amazed at the number of people who are personally, professionally, and financially frustrated.

But the worst part is, if they could change things, they aren't sure how, or even what they would change." People stop dreaming, settling for a life that is neither satisfying nor rewarding because their fears and insecurities prevent them from seeing what they want in life, and how to get it. Acquiring happiness, wealth, or success on any level is difficult when you aren't clear about what you want and you don't have a plan. Before you know it, years pass by, and you're looking back with regrets. "In my work over the past fourteen years, I have encountered two types of people. The first group is the "doers." They are the movers and the shakers. They plan their life and are strongly motivated. They are on a clear path, know exactly what they want, and they are willing to take the risks to get it. The second group is the "drifters." They drift through life with no real sense of direction, ending up frustrated. This can happen to people in the most prestigious occupations. The drifters have a hard time establishing a sense of true happiness, satisfaction, or security because they know they aren't where they "should be," but they don't know what to do about it. Life Without Limits helps you clarify what you want in every area of your life. By using Bassett's powerful techniques you will change, therefore your life will change. Your thoughts are magnets attracting everything from the type of people you meet to the types of opportunities that come your way. Your thinking must be clear, distinct, and sharply defined. Your focused thoughts elicit emotion; your emotions ignite your actions and have a tremendous effect on the universal energy that surrounds you. You control your life. You control your destiny. And only you can take steps to change it. Life Without Limits helps you take back your power. Life Without Limits is the complete guide to attaining abundance in every area of your life. It will help you to achieve satisfaction and fulfillment personally, professionally, and financially. Once you have defined what success means for you, you will clarify your dreams and start pursuing them. Opportunities will present themselves, new doors will open, and you will begin to live the life you were meant to live: a life without limits. "Begin now to change the person you are into the person you know you have the potential to become." -- Lucinda Bassett
