Whether you cranked up your radio for Bruce Springsteen, Stevie Wonder, Supertramp, the Bee Gees, Talking Heads, Rickie Lee Jones, or Earth, Wind and Fire, you'll relive those heady days with this compulsively readable, behind-the-scenes account of the "Frampton years," an era when pop became very big business. It's all here, from ABBA to Zevon. Night Moves by Don Breithaupt and Jeff Breithaupt is a feisty, funny volume that will leave pop fans of every stripe feeling Reunited, Afternoon Delight-ed, and Still Crazy After All These Years.

The Sixties ended a year late - on New Year's Eve 1970, when Paul McCartney initiated proceedings to wind up The Beatles. Music would never be the same again. The next day would see the dawning of a new era. 1971 saw the release of more monumental albums than any year before or since and the establishment of a pantheon of stars to dominate the next forty years - Led Zeppelin, David Bowie, the Rolling Stones, Pink Floyd, Marvin Gaye, Carole King, Joni Mitchell, Rod Stewart, the solo Beatles and more. January that year fired the gun on an unrepeatable surge of creativity, technological innovation, blissful ignorance, naked ambition and outrageous good fortune. By December rock had exploded into the mainstream. How did it happen? This book tells you how. It's the story of 1971, rock's golden year.

In an age when sporting stars can win championships whilst hosting chat shows, the relationship between sport and television has never been stronger. Broadcasters' schedules determine when fixtures are played and if a sport isn't deemed 'TV friendly' then who cares about it? Giles Smith has spent five years in front of the television scouring over seventy channels for any sport he can lay his eyes on. Manchester United scooping the Treble; Schumacher barging Hill off the track; Tyson chewing Holyfield; Argentina beating England on penalties; Germany beating England on penalties; everybody else beating England on penalties . . . Name any one of the defining sporting moments of the last decade, Giles Smith wasn't there. He was at home, watching on the television. Like most people. And then he wrote about it.

The authorized biography of the most notorious rock manager of all time, Peter Grant, best known for his work with Led Zeppelin Peter Grant is the most famous music manager of all time. Often acknowledged as the "fifth member of Led Zeppelin," Grant's story has appeared in fragments across countless Zeppelin biographies, but none has explored who this brilliant and intuitive manager yet flawed and sometimes dangerous man truly was. No one has successfully captured the scope of his personality or his long-lasting impact on the music business. Acclaimed author and journalist Mark Blake seeks to rectify that. Bring It On Home is the first book to tell the complete uncensored story of this industry giant. With support from Grant's family interviews with Led Zeppelin's surviving band members, and access to Grant's extensive archive and scores of unpublished material, including his never-before-published final interview, Blake sheds new light on the history of Led Zeppelin and on the wider story of rock music in the 1960s and '70s. Full of new insights into Grant's early life as an actor, wrestler, and road manager for rock 'n' roll pioneers Chuck Berry and Little Richard; the formation of Led Zeppelin; his seclusion following the demise of the band; and his recovery from substance abuse, Bring It On Home reveals a man who, after the extraordinary highs and lows of a career in rock 'n' roll, found peace and happiness in a more ordinary life. It is a celebration, a cautionary tale, and a compelling human drama.

This superb book contains a wealth of fascinating information on a huge variety of subjects. There are hundreds of quizzes, divided by difficulty level and subject matter. This book contains all you will need for setting your own pub quizzes, or for brushing up on your general knowledge before you try your next competition.

The most significant truth that has been revealed to me is are that the love that is God is not sex. God is both sexless and passionless. It is through sex that human beings fell from grace in Heaven and have been forever bound to the animal kingdom on Earth. Satan gets his power from sex acts. The more depraved the acts, the more powerful Satan gets. Those who take drugs and other inhibition removing substances become entirely possessed by Satan. Satan has been trying for eons to break the chains that bind him to Hell; and he has been using misguided humans love of sex to try to break those chains.

Check the Gs is the true story of how this bizarre family business changed his world forever. Raised by a Cuban Catholic mother and Syrian Jewish father, Shasho made his first sale at the age of six and never looked back. Life in the family business (and in the Shasho family) was never boring. From FBI interrogations to angry mobs, each new day at the Chin Lung Art Gallery brought with it new adventures. Check the Gs tells a story for everyone who is proud of their family and heritage but not afraid to laugh at its many eccentricities, and for anyone who has ever worked in retail and experienced its humorous situations and misadventures.

A revelatory memoir by rock icon and legendary guitarist Peter Frampton. Do You Feel Like I Do? is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monu-mental album Frampton Comes Alive! spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder -- along with Steve Marriott -- of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, All Things Must Pass, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of Frampton Comes Alive!, opening up about becoming the cover boy he never wanted to be, his overcoming sub-stance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again -- saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

The Last King of America

What is this life if, full of care, we have no time to stand and stare?" (LEISURE BY W.H. DAVIES) Loneliness and criminality determined William Henry Davies' childhood and teenage-years. At the age of 22 he decided to leave Wales for America to chance his luck abroad. But getting there was not as easy as expected. At that point in time, he became a tramp. In his best-known work THE AUTOBIOGRAPHY OF A SUPER-TRAMP, Davies tells the story of his lifetime. He explains in a very intimate and touching way what it is like to grow up in Great Britain at the end of the 19th century. Furthermore, he describes how he felt during his vagabond life and what made him settle back in the UK. After all, Davies develops into the most popular poet of his time.

Includes: Call Me the Breeze * Cry for the Bad Man * Double Trouble * Free Bird * Gimme Three Steps * I Ain't the One * I Need You * On the Hunt * Saturday Night Special * Simple Man * Sweet Home Alabama * The Needle and the Spoon * Travellin' Man * Whiskey Rock-A-Roller and many more.

From the New York Times bestselling author of Churchill and Napoleon The last king of America, George III, has been ridiculed as a complete disaster who frittered away the colonies and went mad in his old age. The truth is much more nuanced and fascinating—and will completely change the way readers and historians view his reign and legacy. Most Americans dismiss George III as a buffoon—a heartless and terrible monarch with few, if any, redeeming qualities. The best-known modern interpretation of him is Jonathan Groff's preening, spitting, and pompous take in Hamilton, Lin-Manuel Miranda's Broadway masterpiece. But this deeply unflattering characterization is rooted in the prejudiced and brilliantly persuasive opinions of eighteenth-century revolutionaries like Thomas Paine and Thomas Jefferson, who needed to make the king appear evil in order to achieve their own political aims. After combing through hundreds of thousands of pages of never-before-published correspondence, award-winning historian Andrew Roberts has uncovered the truth: George III was in fact a wise, humane, and even enlightened monarch who was beset by talented enemies, debilitating mental illness, incompetent ministers, and disastrous luck. In The Last King of America, Roberts paints a deft and nuanced portrait of the much-maligned monarch and outlines his accomplishments, which have been almost universally forgotten. Two hundred and forty-five years after the end of George III's American rule, it is time for Americans to look back on their last king with greater understanding: to see him as he was and to come to terms with the last time they were ruled by a monarch.

This second edition of the Rough Guide Book of Playlists contains more than 500 lists of which 50 are new to this edition. The lists are recommendations of ten songs (sometimes a couple more, sometimes a couple less), covering artists (Rufus Wainwright to Thelonius Monk, Al Green to Manu Chao, Glenn Gould to Julie Andrews), genres (Bebop Classics to Reggae Toasters to Punk Originals to Hot Club jazz), songs (10 best Dylan covers; 8 classic versions of Summertime; 10 love songs that don't cloy), quirks and silliness (Songs about Chickens and Insects; Who let the frogs out?; Big Pizza Pie crooners; Take this Job and Shove it!). There's even a literary edge with playlists like '10 songs raved about in Murakami novels'. Each of the Playlists has a nugget about the song (why you want it on your iPod), and a listings of where it's from (remember CDs?).

An Introduction to Literary Studies

This touching and hilarious memoir is 100 percent Carol Burnett—funny, irreverent, and irresistible. Carol Burnett is one of the most beloved and revered actresses and performers in America. The Carol Burnett Show was seen each week by millions of adoring fans and won twenty-five Emmys in its remarkable eleven-year run. Now, in This Time Together, Carol really lets her hair down and tells one funny or touching or memorable story after another. In engaging anecdotes, Carol discusses her remarkable friendships with stars such as Jimmy Stewart, Lucille Ball, Cary Grant, and Julie Andrews; the background behind famous scenes, like the moment she swept down the stairs in her curtain-rod dress in the legendary “Went with the Wind” skit; and things that would happen only to Carol—the prank with Julie Andrews that went wrong in front of the First Lady; the famous Tarzan Yell that saved her during a mugging; and the time she faked a wooden leg to get served in a famous ice cream emporium. This poignant look back allows us to cry with the actress during her sorrows, rejoice in her successes, and finally, always, to laugh.

George Harrison and Eric Clapton embarked upon a singular personal and creative friendship that impacted rock's unfolding future in resounding and far-reaching ways. All Things Must Pass Away: George Harrison, Eric Clapton, and Other Assorted Love Songs will trace the emergence of their relationship from 1968 though the early 1970s. In particular, authors Womack and Kruppa devote close attention to the climax of Harrison and Clapton's shared musicianship—the November 1970 releases of All Things Must Pass, Harrison's powerful emancipatory statement in the wake of the Beatles, and Layla and Other Assorted Love Songs, Clapton's impassioned reimagining of his art via Derek and the Dominos, the band that he created from the wreckage of Cream and Blind Faith. All Things Must Pass Away will provide readers with a powerful overview of Harrison and Clapton's relationship, especially in terms of the ways their revolutionary musicianship and songwriting would eclipse rock music as an evolving genre. With All Things Must Pass and Layla, Harrison and Clapton bequeathed twin recorded statements that advanced rock 'n' roll from a windswept 1960s idealism into the edgy new reality of the 1970s.

*(Piano/Vocal/Guitar Artist Songbook). David Rosenthal has carefully arranged all the tracks from Joel's classic 1973 release to combine the piano parts and vocal melodies into playable arrangements while transcribing those classic piano parts that are integral to each song. This book features the iconic title track and nine others: Ain't No Crime * (The) Ballad of Billy the Kid * Captain Jack * If I Only Had the Words (To Tell You) * Somewhere Along the Line * Stop in Nevada * Travelin' Prayer * Worse Comes to Worst * You're My Home.*

This innovative introduction to literary studies takes 'the life of texts' as its overarching frame. It provides a conceptual and methodological toolbox for analysing novels, poems, and all sorts of other texts as they circulate in oral, print, and digital form. It shows how texts inspire each other, and how stories migrate across media. It explains why literature has been interpreted in different ways across time. Finally, it asks why some texts fascinate people so much that they are reproduced and passed on to others in the form of new editions, in adaptations to film and theatre, and, last but not least, in the ways we look at the world and act out our lives. The Life of Texts is designed around particular issues rather than the history of the discipline as such. Each chapter concentrates on a different aspect of 'the life of texts' and introduces the key debates and concepts relevant to its study. The issues discussed range from aesthetics and narrative to intertextuality and intermediality, from reading practices to hermeneutics and semiotics, popular culture to literary canonisation, postcolonial criticism to cultural memory. Key concepts and schools in the field have been highlighted in the text and then collected in a glossary for ease of reference. All chapters are richly illustrated with examples from different language areas.

'WHICH IS THE BEST BAND I'VE BEEN IN? THE SMALL FACES WERE THE MOST CREATIVE, THE FACES WERE THE MOST FUN,THE WHO WERE THE MOST EXCITING. THESE WERE ELECTRIFYING DAYS IN MUSIC. WE WERE ALL UNTRIED, UNTESTED. WHAT WAS STOPPING US? NOTHING.' As drummer with the Small Faces, Faces and later The Who, Kenney Jones' unique sense of rhythm was the heartbeat that powered three of the most influential rock bands of all time. Beginning in London's post-war East End, Kenney's story takes us through the birth of the Mod revolution, the mind-bending days of the late-1960s and the raucous excesses of the '70s and '80s. In a career spanning six decades, Kenney was at the epicentre of many of the most exciting moments in music history and has experienced everything the industry has to offer. He jointly created some of the world's most-loved records, hung out with the Stones, Beatles, David Bowie, Keith Moon and Rod Stewart, and suffered the loss of close friends to rock 'n' roll excess and success. The legacy created by Kenney and his band mates has influenced acts as diverse as Led Zeppelin, the Sex Pistols and Oasis. Now, for the very first time, Kenney tells the full story of how a young Cockney Herbert played his part in the biggest social transformation in living memory – the people, the parties, the friendships, the fall-outs, the laughter, the sadness, the sex, drugs, and a lot of rock 'n' roll, while also opening up about his own deeply personal battles and passions, too. This is a vivid and breath-taking immersion into the most exciting era of music history and beyond.

The sordid, #1 New York Times bestselling true crime story of adultery, addiction, gambling debt, and murder in a privileged suburban town—from author and journalist Joe McGinniss. The Marshalls were the model family of Tom's River, New Jersey, living the American dream and seemingly in possession of all that money could buy. Rob Marshall, a successful insurance broker, was the big breadwinner, king of the country club set. Maria Marshall was his stunningly beautiful wife and the perfect mom to their three great kids. Then one night while the couple drove home from Atlantic City, Rob, his head bloodied, reported Maria had been brutally slain. Sympathy poured in—until disquieting facts began to surface...and the true story of adultery, gambling, drugs and murder tore the mask off Rob Marshall and the blinders off the town that thought he could do no wrong.

“They hated us and started throwing cups, bottles, change, chairs, and anything that wasn’t nailed down.”—Dean Ween This hilarious, sometimes horrifying, collection spans four decades and chronicles the craziest, druggiest, and most embarrassing concert moments in music history—direct from the artists who survived them. “In the midst of my insanity, I thought it would be a very romantic gesture to go into Fiona Apple’s dressing room and write a message on her wall in my own blood.”—Dave Navarro From wardrobe malfunctions to equipment failures, from bad decisions to even worse choices, this is a riveting look into what happens when things go wrong onstage and off. “Ozzy had a sixty-inch teleprompter with the song lyrics, and that got stolen, along with microphones, snare drums and cymbals. Our drummer at the time was stabbing people in the neck with his drumstick.”—Zakk Wyld No Encore! is an unflinchingly honest account of the shows that tested the dedication to a dream—from Alice Cooper’s python having a violent, gastric malfunction on stage to Lou Barlow’s disastrous attempt to sober up at Glastonbury, from Shirley Manson’s desperate search for a bathroom to the extraordinary effort made to awaken Al Jourgenson as Ministry was taking the stage. As Hunter S. Thompson famously wrote, “Buy the ticket, take the ride.” “I go to exit the venue, and there’s 25 people marching towards us. It’s about 3:00 AM, and they weren’t there to be nice. They were carrying bats, boards, chains, hammers, and they were coming for us.”—Dee Snider

From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or Bentham’s Panopticon? Will King Solomon’s challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and WolframAlpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business leader must know about digital transformation. “Search is curiosity, and that will never be done,” said Google’s first female engineer and Yahoo’s sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it!
