

Sweet Miss Honeywells Revenge A Ghost Story

When her mother plans to get remarried, Zibby forgets to warn her soon-to-be step-sister that playing with the haunted doll house could make terrible things come true.

In the chilling finale of the Ghost in the Dollhouse series, Zibby and her friends investigate their classmates' strange nightmares about fire and a burning dollhouse to find out if the evil Miss Honeywell has returned to haunt them or if there is another ghost in the dollhouse. Original.

Ida Kate Deming lives on the Kansas prairie with her father. Once a lonely outpost, Hays City is now a bustling town where the twelve-year-old impatiently awaits the arrival of papa's mail-order bride. Ida Kate lost her beloved mother when she was ten. Now someone new will share their lives, along with the seemingly endless chores. And the best part is, Ida Kate will have a new mother and a new little brother, as well. But when Caroline Fairchild steps off the train, she doesn't look at all the way she described herself in her letters. Instead of being tall and thin, she's short. And her hair is the wrong color. And she definitely isn't allergic to cats. As Ida Kate races to uncover the truth before her father marries Caroline, a blizzard endangers her new family, and Ida Kate has to figure out where her true loyalties lie.

Jessie lives with her family in the frontier village of Clifton, Indiana, in 1840...or so she believes. When diphtheria strikes the village and the children of Clifton start dying, Jessie's mother reveals a shocking secret -- it's actually 1996, and they are living in a reconstructed village that serves as a tourist site. In the world outside, medicine exists that can cure the dread disease, and Jessie's mother is sending her on a dangerous mission to bring back help. But beyond the walls of Clifton, Jessie discovers a world even more alien and threatening than she could have imagined, and soon she finds her own life in jeopardy. Can she get help before the children of Clifton, and Jessie herself, run out of time?

Seventeen-year-old Molly's recurrent nightmares become waking visions after she nearly drowns at a party. Soon she's witnessing events through the eyes of a girl who lived in her father's house nearly a century before.

"This Historical Dictionary of Fantasy Literature provides an invaluable guide to the current state of the field. The chronology tracks fantasy's evolution from the origins of literature until the 21st century. The introduction explains the nature of the impulse to create and shape fantasy literature, the problems in defining what it is, and the reasons for its changing historical fortunes. The dictionary includes more than 700 entries on authors, both contemporary and historical, and more than 200 entries on fantasy subgenres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary

fantasies, scholarly fantasies, and lifestyle fantasies. The last place fifteen-year-old Juliana wants to be is halfway around the world in Blackthorn, England, an idyllic seaside artists' colony her mother has dragged her off to while her parents weather a trial separation. Juliana misses her father terribly and doesn't understand why her mother needs to travel so far to resurrect her artistic self, which she claims to have lost in the marriage. Soon after they arrive in the tiny village of Blackthorn, the artists' colony is set on its heels by the murder of one of its own. Juliana feels compelled to solve the crime, but she is shocked and frightened when it seems that clues in the matter are hitting a little too close to home. Can she figure out who the murderer is before anyone else--herself included--gets hurt?

A twelve-year-old girl searches for answers when she finds an abandoned baby in the aftermath of the San Francisco earthquake of 1906 Clara Curfman is awakened from a recurring swimming dream by her big, furry sheepdog, Humphrey. Suddenly, her bed is moving and the room is shaking from side to side and up and down. The floor starts pitching like a giant ocean wave, and her

books dance right off the shelves. As her parents and their neighbors cope with the earthquake's devastating aftereffects, Clara makes a stunning discovery: A baby has been left on the doorstep of her family's boarding house. Is the abandoned infant a victim of the earthquake—or something more sinister? The only clue to her identity is a silver rattle engraved with the letter H. On a quest to find Baby H's parents, Clara meets a boy named Edgar who has been orphaned by the earthquake. Their search takes them on a winding trail of danger that will test the true limits of Clara's courage. This ebook includes a historical afterword.

Miranda isn't happy when sullen orphan Abby Chandler comes to live

with her family. But Miranda's anger turns to shock when she learns the girl's horrible secret: Abby's parents and sisters were killed in a house fire in this very town--more than three hundred years ago. Somehow Abby survived the fire and has been living in a virtual limbo ever since. Fifteen-year-old Miranda Browne, the extraordinary protagonist from Kathryn Reiss's first novel, Time Windows, returns for a new time-travel adventure.

When Miranda moves with her family to a new house in a small Massachusetts town, she discovers a mysterious antique dollhouse. Through the windows, she is shocked to find what seem to be living people in the tiny rooms, and gradually she realizes that scenes from the lives of the big houses past inhabitants are being replayed there. With numerous deftly sketched characters, including a sympathetic boy next door, an intriguing plot, and such dividends as a secret room used to hide escaping slaves, this should keep readers interested.

First published in 1897, *The Invisible Man* is one of the first science fiction stories. The disturbing tale centers on Griffin, a scientist who has discovered the means to make himself invisible. His initial, almost comedic, adventures are soon overshadowed by the bizarre streak of terror he unleashes upon the inhabitants of a small village. Notable for its sheer invention, suspense, and psychological nuance, *The Invisible Man* had been filmed many times and continues to enthrall science-fiction fans today as it did the reading public nearly 100 years ago.

J is a student at a school deep in a forest far away from the rest of the world. J is one of only twenty-six students, all of whom think of the school's enigmatic founder as their father. J's peers are the only family he has ever had. The students are being trained to be prodigies of art, science, and athletics, and their life at the school is all they know-and all they are allowed to know. But J suspects that there is something out there, beyond the pines, that the founder does not want him to see, and he's beginning to ask questions. What is the real purpose of this place? Why can the students never leave? And what secrets is their father hiding from them? Meanwhile, on the other side of the forest, in a school very much like J's, a girl named K is asking the same questions. J has never seen a girl, and K has never seen a boy. As K and J work to investigate the secrets of their two

strange schools, they come to discover something even more mysterious: each other. The most important assets of any business are intangible: its company name, brands, symbols, and slogans, and their underlying associations, perceived quality, name awareness, customer base, and proprietary resources such as patents, trademarks, and channel relationships. These assets, which comprise brand equity, are a primary source of competitive advantage and future earnings, contends David Aaker, a national authority on branding. Yet, research shows that managers cannot identify with confidence their brand associations, levels of consumer awareness, or degree of customer loyalty. Moreover in the last decade, managers desperate for short-term financial results have often unwittingly damaged their brands through price promotions and unwise brand extensions, causing irreversible deterioration of the value of the brand name. Although several companies, such as Canada Dry and Colgate-Palmolive, have recently created an equity management position to be guardian of the value of brand names, far too few managers, Aaker concludes, really understand the concept of brand equity and how it must be implemented. In a fascinating and insightful examination of the phenomenon of brand equity, Aaker provides a clear and well-defined structure of the relationship between a brand and its symbol and slogan, as well as each of the five underlying assets, which will clarify for managers exactly how brand equity does contribute value. The author opens each chapter with a historical analysis of either the success or failure of a particular company's attempt at building brand equity: the fascinating Ivory soap story; the transformation of Datsun to Nissan; the decline of Schlitz beer; the making of the Ford Taurus; and others. Finally, citing examples from many other companies, Aaker shows how to avoid the temptation to place short-term performance before the health of the brand and, instead, to manage brands strategically by creating, developing, and exploiting each of the

five assets in turn

of Chincoteague, etc.) but then in a creative twist connects Mr. Revere and I to the list. In a list called Chapter One, she answers the proverbial question: which chapters books are the most compelling for kids who are now ready to move beyond picture books. And who says picture books aren't deep? Recommended Folk Tales sort out many of life's dilemmas and issues of good and bad; a selection of picture books on Death and Dying introduces this topic with sensitivity; and You've Got a Friend offers up books for early readers that show the complexities and the pleasures of relating to others. Parents, teachers, and librarians are often puzzled by the unending choices for reading material for young people. It starts when the kids are toddler and doesn't end until high-school graduation. What's good, what's trash, what's going to hold their interest? Nancy Pearl, America's favorite librarian, points the way in Book Crush.

Beth's mother, Hanny Lynn, hasn't spoken to her parents or her sister, Iris, in twenty years. But she decides it's time to set aside old grievances, so sixteen-year-old Beth and her brother, Tom, find themselves spending a sweltering summer with their mother and her family in a sleepy Pennsylvania town. More than just homesick, Beth is troubled by deep family tensions and Aunt Iris's sudden drunken outbursts. As Beth begins to delve into family history, she discovers a chilling and inexplicable tragedy. When Connor's mother slips into strange trances, he suspects old paintings of a woman who looks just like her are the cause. When he's whisked back to the 1920s, Connor tries to break the evil link.

Not wanting a certain shabby dollhouse but unable to politely refuse it, Zibby is alarmed when she gets the dollhouse home and strange events begin to occur, such as her mother falling down the steps when the dollhouse mother does. Original.

Offers brief descriptions of more than 7,500 works of fantasy arranged by themes, including animal, time travel, witchcraft, sorcery, ghost, and humor. Once upon a time all literature was fantasy, set in a mythical past when magic existed, animals talked, and the gods took an active hand in earthly affairs. As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present, fantasy was temporarily marginalized until the late 20th century, when it enjoyed a spectacular resurgence in every stratum of the literary marketplace. Stableford provides an invaluable guide to this sequence of events and to the current state of the field. The chronology tracks the evolution of fantasy from the origins of literature to the 21st century. The introduction explains the nature of the impulses creating and shaping fantasy literature, the problems of its definition and the reasons for its

The dictionary includes cross-referenced entries on more than 700 authors, ranging across the entire historical spectrum, while more than 200 other entries describe the fantasy subgenres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary fantasies, scholarly fantasies, and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature, through bibliographies and accounts of the fantasy literature of different nations, to individual author studies and useful websites.

As media environments and communication practices evolve over time, so do theoretical concepts. This book analyzes some of the most well-known and fiercely discussed concepts of the digital age from a historical perspective, showing how many of them have pre-digital roots and how they have changed and still are constantly changing in the digital era. Written by leading authors in media and communication studies, the chapters historicize 16 concepts that have become central in the digital media literature, focusing on three main areas. The first part, Technologies and Connections, historicises concepts like network, media convergence, multimedia, interactivity and artificial intelligence. The second one is related to Agency and Politics and explores global governance, datafication, fake news, echo chambers, digital media activism. The last one, Users and Practices, is finally devoted to telepresence, digital loneliness, amateurism, user generated content, fandom and authenticity. The book aims to shed light on how concepts emerge and are co-shaped, circulated, used and reappropriated in different contexts. It argues for the need for a conceptual media and communication history that will reveal new developments without concealing continuities and it demonstrates how the analogue/digital dichotomy is often a misleading one. The author reveals the New York Club scene at its worst as he relates his

involvement with Michael Alig, a Midwest nerd who became a leading club promoter and eventually found trouble after killing a drug dealer.

Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
