One of the more interesting ways to become an educated consumer is to take a trip to the factories or headquarters of a company. Most big name brands offer tours of their factories and a look behind the scenes of the products or services they offer. It is an incredibly interesting way to learn more about products and the brand as a whole.

Educated Consumers. For every clinical study, there is a patient for whom participation represents a treatment option worthy of consideration. Through careful analysis, BBK identifies the characteristics and demographics of those most in need of knowing about a particular study option, and then we set out to reach those highly qualified potential participants in the most effective and cost-efficient way possible.

Educated Consumers | BBK Worldwide

Consumer education is a significant factor in keeping the economy moving, as it

holds companies accountable for what they sell and how they sell it, and gives consumers control over their purchases. It motivates consumers to provide feedback that can be used to improve the quality of products and services.

Why Is Consumer Education Important? | Bizfluent

Consumer education is the preparation of an individual to be capable of making informed decisions when it comes to purchasing products in a consumer culture. It generally covers various consumer goods and services, prices, what the consumer can expect, standard trade practices, etc. While consumer education can help consumers to make more informed decisions, some researchers have found that its effects can drop off over time, suggesting the need for continual education. New dimensions of consume

Consumer education - Wikipedia

Educated Consumers was an American hip hop duo from College Park, Maryland consisting of rapper Seez Mics (Cole Policy) and producer T.E.C.k!

Educated Consumers - Wikipedia

The educated consumer concept does not only apply in product purchasing situations, but also when we consume the news, social media or even our surrounding in form of friends or work environments. In every situation we are a consumer.
