The God-kind of life is a life that is rooted in God. It is a Holy Spirit led life that is full of power, faith and purpose. It is a life that humbles human perspective and repositions our focus for the Glory of God. The God-kind of life is a life that is worth living. It is a life that is available to you. Are you ready to discover your potential for the God-kind of life? As a young preacher, Rev. Kenneth E. Hagin asked himself this question. He studied the subject and concluded the following: "We as a Church have authority on the earth that we've never yet realized... A few of us have barely gotten to the edge of that authority,

but before Jesus comes again, there's going to be a whole company of believers who will rise up with the authority that is theirs. They will know what is theirs, and they will do the work that God intended they should do." During the past 30 years, over a million readers have been blessed by this classic faith-building message by Rev. Hagin. In his clear and illustrative style, he uses the Word of God to explain the authority that belongs to every believer. Book jacket.

Many believers search all of their Christian lives to understand and grasp how to please God. A common prayer among the believers is: "Lord, help me to please you"; or, "Lord, show me how to please you". If you are like most people, that simple prayer may leave you searching endlessly. This book is designed to help you understand and embrace the kind of life that pleases God and will provide scripturally based methods for you to begin living the life that God has ordained.

This important classic explains who the believer is in Christ and what really happens when a person receives God's Spirit in his life.

Our opening verse for this book is from John 10:10b, I came that they may have and enjoy life, and have it in abundance (to the full, till it overflows). The Greek word used here for life is zo. So we can

conclude that Jesus came to show us how to have and enjoy the god kind of life. As a born-again believer you have been recreated and given a new life code (or DNA) to live by, and Jesus came to show us how to live that new creation reality here on earth. The Bible tells us in John 3:16, For God so greatly loved and dearly prized the world that He (even) gave up His only begotten (unique) Son, so that whoever believes in (trusts in, clings to, relies on) Him shall not perish (come to destruction, be lost) but have eternal (everlasting) life. Then in Romans 6:23 it tells us, For the wages which sin pays is death, but the bountiful free gift of God is eternal (the god kind of) life through

and in union with Jesus Christ our Lord. This eternal life he came to give us is the very nature of God. In John 1:4 we can get a better understanding of what this life will do for us: In Him was Life, and the Life was the Light of men. One of the meanings for light in the dictionary is a state of understanding or awareness. So we could read this verse like this: in him was the god kind of life, and the god kind of life was the state of understanding and awareness for men. Let us live out of the zo kind of life and determine to be led by the spirit of God in all that we do so we can live in the actual abundance of God. Amen.

The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly

secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the

major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.
