The architecture at MediaCity was received unfavourably by Building Design magazine, which awarded the development with the 2011 Carbuncle Cup for Worst New Building. [48] [49] Owen Hatherley writing in The Guardian also criticised the development, describing it as "an enclave, easily closed off from the life of the rest of the city".

**MediaCityUK - Wikipedia**

KKA Architecture were asked to consider the design of a cruise liner terminal at the site of the former Princes Jetty creating the opportunity for a world class landmark building. Elements of naval architecture and shipbuilding are easily apparent in the external form as well as visual references associated with the rhythm and kinetics of the ocean.

Architecture. Islington Mill was originally built for cotton spinning in 1823 by the self-taught Leeds-born architect David Bellhouse (1764-1840). Bellhouse's firm was also responsible for the construction of the Manchester Portico Library, of which Bellhouse was also a founding member, and the original Manchester Town Hall on King Street, designed by Francis Goodwin and later demolished.
