John McWhorter's The Power of Babel fits precisely into this definition of a good book. McWhorter's main argument is that languages have been in a constant evolutionary flux since the first humans began speaking approximately 150,000 years ago

The Power of Babel: A Natural History of Language by John ...

The Power of Babel absorbs and uses everything from evolutionary theory to Monopoly and soap operas to offer a dynamic story of language which originally "split into thousands of branches that each have evolved in part to maintain what is necessary to communication but in equal part have evolved just because various semantic spaces, perceivable to and processible by human cognition but nonessential to the needs of speech, were 'there' to be evolved into". For McWhorter, languages do not ...

~~The Power of Babel: A Natural History of Language ...~~

The narrative of the tower of Babel Genesis 11:1–9 is an etiology or explanation of a phenomenon. Etiologies are narratives that explain the origin of a custom, ritual, geographical feature, name, or other phenomenon.: 426 The story of the Tower of Babel explains the origins of the multiplicity of languages. God was concerned that humans had blasphemed by building the tower to avoid a second flood so God brought into existence multiple languages.

~~Tower of Babel—Wikipedia~~

Tower of Babel, in biblical literature, structure built in the land of Shinar (Babylonia) some time after the Deluge. The story of

construction, given in Genesis 11:1–9, appears to be an attempt to explain the existence of diverse human languages.

Buy The Power of Babel: Language and Governance in the African Experience: Language in the African Experience by Ali A. Mazrui (ISBN: 9780226514291) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

~~The Power of Babel: Language and Governance in the African ...~~

In The Power of Babel, the noted Africanist scholar Ali Mazrui and linguist Alamin Mazrui explore this vast territory of African language. The Power of Babel is one of the first comprehensive studies of the complex linguistic constellations of Africa. It draws on Ali Mazrui's earlier work in its examination of the "triple heritage" of African culture, in which indigenous, Islamic, and Western traditions compete for influence.

~~The Power of Babel: Language and Governance in the African ...~~

Traversing fantasy and fairy tales, the translation of divine texts and the endeavour to create a universal scientific language, *Adventures in Translation* contemplates the power of translation from the biblical myth of the Tower of Babel, to the challenge of modern-day multiculturalism in Brexit Britain: reminding us that the British Isles always have been, and still are, multilingual.

~~Tales as old as time: The Tower of Babel and the power of ...~~

The people who built the tower of Babel were driven by fundamental human concerns. They preferred settlement to the uncertainties of dispersion, uniformity to diversity, fame and power to obscurity and weakness. But in the account in Gen 11 God denies their preferences. At the center of the story is humanity's transition from speaking one language and living in one location to speaking several languages and living in multiple locations across the world.
