<span>The Relentless Revolution</span> tackles the enormous subject of the rise and expansion of modern capitalism. Starting in medieval England and ending with the global crisis that began in 2008, Appleby explores the successes and failures of capitalism over the last five hundred years and more.					

**The Relentless Revolution: A History of Capitalism: Amazon**

Joyce Appleby's The Relentless Revolution is therefore to be welcomed as one of the first in what will surely be a series of long-range reflections on the history of capitalism which take us from its origins to the current coincidence of a global economic downturn and the rise of China. Her book is especially strong on the place of contemporary China in this story, as well as the earlier role played by Japan, though her chief focus is on the modern west, beginning with the origins of ...

**The Relentless Revolution: A History of Capitalism** (Norton

Relentless suffices as a general introduction to the topic and makes some important points - primarily that capitalism rests upon cultural factors rather than natural or material laws. It also tries to take a balanced approach, noting the myriad problems associated with 'the market', in addition to detailing what Appleby believes to be its benefits.
