The Sovereign Individual details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-Mogg.

The Sovereign Individual: Mastering the Transition to the ...

The Sovereign Individual by James Dale Davidson and Lord William Rees-Mogg (we'll call them D&RM) is just a year younger than I am — it was first published in 1997. D&RM display an eerie clairvoyance in their previous book *The Great Reckoning*, which analyzed the pending collapse of the Soviet Union and was published mere weeks before an attempted coup against Gorbachev.
