Accessible background and insights on each scripture text in the three-year Sunday lectionary cycle. An invaluable resource for preachers, lectors, liturgical musicians, catechists and more. Although one often hears of the need to preach "the whole counsel of God," few resources have seriously and specifically attempted to assist the preacher and planner of worship to do just that--until now. of lections and arranges many previously excluded biblical texts  
an orderly, one-year preaching plan. It fills a need widely voiced  
preachers that the lectionary effectively limits and censors the  
functional canon of Scripture. Destined to serve as a staple sou  
of significant revitalization in mainline preaching and worship,  
Year D banks on the agency of Word and Spirit to renew the ch  
as few practical proposals have done in the last twenty years,  
lending new focus and impetus for exploring the Bible's forgotte  
riches. A timely and urgently needed "return to the sources," Ye  
D represents a fresh appropriation of neglected and marginalize  
texts for preaching, worship, education, and devotion, and thus  
constitutes a substantive, scriptural attempt to address what V  
Brueggemann has called "the current preaching emergency."

Hearing the Word of God includes Scripture readings for the Sunday, followed by a reflection on the reading, and concludes with Praying with Scripture, a series of questions and meditations to guide readers in making a personal application of the reflection.
