Trademark Marking In Europe: What Symbols To Use And When ...

A European Union trade mark or EU trade mark is a trade mark which is pending registration or has been registered in the European Union as a whole. The EU trade mark system creates a unified trade mark registration system in Europe, whereby one registration provides protection in all member states of the EU. The EU trade mark system is unitary in character. Thus, an objection against an EU trade mark application in any member state can defeat the entire application, an EU trade mark registration
