Trading Online For Dummies
Trading in stocks online is not like shopping at your local major retailer, where prices are set. Because investments are priced in real time through active bidding between buyers and sellers, there are techniques to buying and selling. When dealing with investments, you have five main ways to buy or sell them online:

Choose an Online Broker . If you haven't already opened a brokerage account with a respected online stock brokerage, do it now. Take your time researching so you can feel confident you are choosing the best online stock broker for your situation. As you research, consider factors like whether there are trading commission fees (many brokerages offer free trading), how intuitive the app or website is, and any research or educational tools available for customers.
