It concludes that trance-possession in Bali is the same as multiple personality disorder (MPD) in the West. It also presents criteria for the diagnosis of possession, a new theory of possession, and multifold comparisons of normal trance-possession in Bali with MPD in the West.

Trance and Possession in Bali: Window on Western Multiple ...

Trance and Dance in Bali is a short documentary film shot by the anthropologists Margaret Mead and Gregory Bateson during their visits to Bali in the 1930s. It shows female dancers with sharp daggers dancing in trance, eventually stabbing themselves without injury. The film was not released until 1952. It has attracted comment from later anthropologists for its pioneering achievement, but also ...
