First, of course, is character creation. For the purposes of this guide, we'll assume that you know the basic movement keys, and know how to read the interface. If in doubt, the [?] key is your friend; it lists all the common commands. Remember that keys are case-sensitive in Unreal World, so [?] is activated by pressing [Shift+?] and not just [?].

Unreal World Beginners Guide \ carecard.andymohr

One of the hardest things I found to do when I started playing UnReal World a while back was hunting. It's quite unlike any other game out there, but I quickly learned to love it. With a lot of practice. I thought I'd put together a quick guide for newbies to make sure they didn't have to suffer in the same way that I did.

Fishing (ALT-F) makes use of the appropriate lore & craft skill to catch fish (what else?). There are two kinds of fishing: passive and active. Fishing is a good way to gather food, which makes it a viable choice for newcomers. Active fishing Active fishing is fishing using either a club, spear or fishing rod (in order of least effective to most effective). To do so, choose your fishing ...
