Learn how archaeologists discover treasures in the ground and preserve them in the lab.

With its smart design, beautiful illustrations and perfect size to pop in a backpack, Take Me Outdoors is a fun, lively way to engage with the wild and natural world.

Each of the five 'adventure' chapters help children to engage with their surroundings, from their own backgarden or local park, to a beach, forest or lakeside. As they complete lists, draw pictures and answer questions, they will be thinking carefully about the environment and nature as they experience it - what they can see, hear and feel, and how they can look after it. A final chapter allows them to compare their adventures, and there's also a useful glossary so they can learn new words and ideas.

Fun, quirky and bursting with facts about birds, bugs and plants; the weather and the environment; expeditions and explorers; and the artists and writers who have been

inspired by nature, this book is a must for children curious about the incredible world they live in. It's both a great keepsake and a tool for sparking creative writing.

Bestselling author Bear Grylls has survived a free-fall parachute accident that left him with a broken back, possibly unable to walk again; falling down a mountain in the Rockies, severing a finger in the Vietnam jungle, a broken shoulder in Antarctica. He passed the gruelling training to join the SAS, crossed the North Atlantic in an open inflatable boat, and held the highest ever open-air formal dinner party, in a balloon at 25,000 feet. But the hardest thing he has ever had to face, he says, is the death of his father. It was then, age 25, that he found what he describes in an interview with the Telegraph as 'a really lovely quiet faith that has been a powerful thing in our lives'. As he wrote in GQ magazine, 'Faith doesn't mean you have to be especially "religious". But, in a nutshell, my faith tells me that I am known, that I am secure and that I am loved - regardless of the storms I may find myself in from time to time, regardless of how often I fall and fail.' For the first time, in this open, brave and honest book, Bear reveals the inspiration that helps him to stand strong and find peace each day. These daily

readings - exploring themes of friendships, failure, courage, risk, and much more - show us all how to face each day with purpose and power. 'Be brave. Embrace faith wherever you may find it. You have nothing to lose and everything to gain.'

Each book in the Generation Claimed series contains life-giving promises straight from Scripture that remind all God's children, both young and old, of who they are in Him. Page after page shares a promise from God and the corresponding scripture from the Bible. Readers will be transformed from the inside out and rest easier in God's love for them.

suggestions for growing them. Charles Darwin was the first to study these plants and recognize their extremely peculiar nature. He and his comically awkward assistant will guide the reader, knowledgably mixing scientific and historical data with an endless array of curious facts about the most bizarre plant ever created by Mother Nature.

TV star, former SAS soldier, Guinness World Record holder, author and the first ever Chief Ambassador to World Scouting, Bear Grylls is an inspiration for youngsters who want to make the most of life's adventures. In his recent bestseller *Soul Fuel* Bear revealed for the first time the inspiration that helps him to stand strong and find peace each day. Now *Soul Fuel for Young Explorers* takes his message and inspires children and young people to find courage and confidence in this source too. Bear offers seventy reflections along with stories from his own life -- brilliantly illustrated by Patrick Laurent -- making it a vibrant and engaging devotional for young readers. was the pleasant home of the millionaire at eighteen, who was accompanied by his mother and a considerable party, all of whom have been duly presented to the reader in the former volumes of the series, lay in the middle of the river. The black smoke was pouring out of her smokestack, and the hissing steam indicated that the vessel was all ready to go down the river to the China Sea. Her anchor had been hove up, and the pilot was in the pilot-house waiting for the commander to strike the gong in the engine-room to start the screw.
